PETITION

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We, the undersigned, say the Moora Residential College provides an important residential boarding alternative for secondary country students between Perth and Geraldton.

Built in 1974, the College is in urgent need of upgrade works to address safety and structural concerns as raised in the Building Condition Audit and to alleviate other health concerns. Works announced in 2016 valued at \$8,700,000 will not now proceed.

Your petitioners therefore respectfully request the Legislative Council review the decision and fund the upgrade of the Moora Residential College.

And your petitioners as in duty bound, will ever pray
