

AARON STONEHOUSE

I, Dr. Joe Kosterich of _____ in the State of Western Australia, am the promoter of this petition which contains 7176 signatures.

PETITION TO LEGALISE VAPING

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We, the undersigned call upon the Legislative Council to facilitate the legalisation of the use of nicotine in electronic vaping devices, as a less harmful alternative to smoking tobacco.

Current laws in WA are not only behind the times, but are putting people's health at risk. For this reason, we call upon the Legislative Council to:

- (a) amend the *Tobacco Control Act 2006* to legalise the sale of vaping devices; and
- (b) amend the *Medicines and Poisons Act 2014* to allow for the sale and use of nicotine in such devices.

The people of WA deserve free and easy access to a harm reduction alternative to smoking, and we call upon the Legislative Council to make such access a reality in law. And your petitioners as in duty bound, will ever pray.
