I, **Mark Bradley Muir** in the State of Western Australia, am the promoter of this petition which contains signatures.

PETITION IN RELATION TO HAZARD REDUCTION BURNING

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia strongly support **HAZARD REDUCTION AND PRESCRIBED BURNING** in the South West of Western Australia.

In view of the devastating fires affecting forests and communities in the South West and in consideration of the horrific damage caused to the forests, wildlife and ecosystems during the most recent fires, we seek your urgent attention to this matter.

Your petitioners therefore respectfully request the Legislative Council to request the Western Australian State Government to immediately:

1. Put in place a comprehensive prescribed burning programme covering the Forests, Reserves and National Parks of the South West region to the target of 8% per year, and
2. That adequate funding for Day and Night Burning be made available to ensure that this target is achievable.

And your petitioners as in duty bound, will ever pray.
