PETITION

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia are disappointed that the Public Transport Authority has provided misleading information to local residents regarding the reasons for new rail yards at Claisebrook Village Precinct 16B.

We believe that rail yards at this location, conflict with the Premiers vision for a new entry statement to the City along Graham Farmer Freeway.

Further, we believe that the Government's plans for a rail line to Perth Airport, will include a new rail depot and that expenditure on the rail yards in Claisebrook could be a waste of tax-payer funds.

We therefore urge the Legislative Council to investigate

- (a) if the proposed rail yards are required ;
- (b) whether rail yards at this location will adversely impact on the Governments vision for this corridor; and
- (c) whether expenditure on these rail yards is a waste of tax-payers funds in light of a proposed new rail depot.

And your petitioners as in duty bound, will ever pray.
