Dear Mr Swinbourn

Matthew

Thank you for your correspondence dated 2 November 2017 requesting my comments on Petition No. 19 - Scarborough Foreshore Redevelopment.

The Scarborough Foreshore Redevelopment is a \$100m partnership between the State Government and the City of Stirling (the City) to transform the Scarborough area.

The City has made a significant financial contribution of \$53 million to the project, including \$26 million towards the construction of a 50-metre beach pool.

I am advised that the Metropolitan Redevelopment Authority (MRA) is responsible for delivering the project on behalf of the State Government. While the City is a key stakeholder and partner to the project, I am advised that the MRA is responsible for management of the project, including planning approvals within the redevelopment area and decisions regarding road closures and construction.

While the MRA is responsible for the matter of compensation paid to businesses and residents impacted by the development, I am advised that the City has provided concessions on rates to businesses in the area.

I thank you for the opportunity to comment on this petition, and trust this information is of assistance.

Yours sincerely

HON DAVID TEMPLEMAN MLA
