### PETITION IN RELATION TO CANAL ROCKS BOAT RAMP

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled. We the undersigned are opposed to the closure of the Canal Rocks Boat Ramp. We understand the new Department of Biodiversity, Conservation and Attractions is considering closing the Canal Rocks Boat Ramp in response to a feasibility study undertaken/funded by the previous government to address safety concerns. This ramp has been used for more than 30 years. Operators believe safety concerns could be adequately addressed with better signage outlining the risks and potential dangers; and any potential closure of Canal Rocks would lead to excessive pressure on the already busy surrounding boat ramps, potentially creating further safety issues. We therefore ask the Legislative Council to recommend the future access to this vital facility. And your petitioners as in duty bound, will ever pray.
