Dear Mr Foster

Thank you for your letter of 11 August 2022 regarding Petition No. 016 – Fiona Stanley Hospital.

The WA Health Clinical Services Framework (CSF) Addendum 2020 is a high-level document which provides an overview of where clinical services (specialty level) are located and at what level these services should be operating at (capability level).

The process to update individual specialities in the CSF involves consultation with Health Service Providers clinical, operational and Executive staff as well as utilising well established Consumer Advisory Groups within public hospitals who work in partnership with the Health Consumers' Council WA for many projects. From a cancer perspective the Department of Health will also work closely with the Cancer Network to engage with patients and other non-government and not for profit support agencies as required.

Thank you again for your correspondence.

Kind regards

**HON AMBER-JADE SANDERSON MLA
MINISTER FOR HEALTH; MENTAL HEALTH**
