Dear Chair *Matt*

Although I do not necessarily agree with the partitioner, I do note that the situation at Princess Margaret Hospital is such that there is a separate Salat room. I expect that this was probably more to do with convenience and space than anything else. I have attached photographic proof of this as provided by the petitioner.

However, this would lead me to think that it may be worthwhile for the Committee to seek the views of the leaders of the different denominations about the practicality of the combined multi faith area at the new children's hospital.

I shall leave that up to the Committee and yourself to decide.

Yours sincerely
