Regarding Mileto St

My Daughter resides there  
she has been there for many years  
They all looked so happy (the six of them)  
because they are treated with that much love  
& respect.

got Meningitis when she was  
six weeks old, it left her Mentally retarded  
she cant walk or Talk.

The staff there are angels of mercy.  
to think that a cold hearted Politician  
can come along & decide to Privatise  
these houses I cannot believe that  
is happening

I am Shattered  
From a heartbroken Mother
