

I, Glynis Monks  
petition which contains 501 signatures.

am the promoter of this

**PETITION IN RELATION TO THE REZONING OF UNDERGROUND WATER POLLUTION CONTROL  
AREA IN PINJAR SOUTH**

To the President and Members of the Legislative Council of the Parliament of Western Australia in  
Parliament assembled.

We the undersigned residents of Western Australia are opposed to the rezoning of the Priority One  
Underground Water Pollution Control Area (UWPCA) boundary in Pinjar South in the *Gnangara  
Sustainability Strategy* and are concerned that there will be degradation and contamination of the  
groundwater in the Control Area and seek continuation of suitable land uses that do not pose an  
unacceptable risk of contamination to the groundwater resource.

Your petitioners therefore respectfully request the Legislative Council review the *Gnangara  
Sustainability Strategy* to ensure that the current Priority One Underground Water Pollution Control  
Area (UWPCA) boundary be retained on the removal of the pine plantation on Neaves Road, Pinjar,  
and that only uses compatible with Priority One UWPCA be considered for land uses once the pine  
plantation has been removed.

And your petitioners as in duty bound, will ever pray.

Please return this Petition to Glynis Monks This petition must not be altered and only original signatures are permitted. Faxed copies of signatures cannot be accepted.
