## Petition to extend moratorium on the growing of Genetically Modified (GM) crops in WA

*C. Watson*

To the President and Members of the Legislative Council of the Parliament of Western Australia in  
Parliament assembled.

We the undersigned residents of Western Australia are opposed to commercial growing of GM crops in  
this State as GM crops will inevitably contaminate non-GM crops and result in the loss of our 'clean  
green' image. Furthermore, no adequate, independent health studies have been done to prove that GM  
foods will not cause health impacts for current and future generations.

Your petitioners therefore respectfully request the Legislative Council to introduce a strict liability  
regime to ensure all parties involved in bringing GM crops and/or food into Western Australia (including  
growers and patent holders) will be held legally liable for any contamination incidents causing market  
and economic loss, health impacts or environmental damage associated with GM crops/food.

Your petitioners respectfully request the Legislative Council to extend the moratorium on the growing  
of GM crops in Western Australia until above issues have been addressed.

And your petitioners as in duty bound, will ever pray.
