

Wouterina Godeliva Klein

I, Wouterina Godeliva Klein OAM JP CMC of _____ in the State of Western Australia, am the promoter of this petition which contains two Signatures.

PETITION IN RELATION TO THE VOLUNTEER FIRE STATION AT PARKER STREET BASSENDEAN

To the President and Members of the Legislative Council of the Parliament of Western Australia assembled.

We the undersigned residents of Western Australia are opposed to the sale of the Bassendean Fire Station located Parker Street Bassendean. It is part of the proud 100year history of the Volunteer Fire Brigade and houses its extensive memorabilia collected over these many years.

We the undersigned Residents of the Town of Bassendean and people so interested humbly and respectfully ask that the Fire Station including the buildings, training tower and surrounding land at Parker Street Bassendean not be sold but gifted to the people of Bassendean.

And further, that some of the core part of the Fire Station assets may be sold or otherwise converted into a self-funding source of funds to ensure sustainability of the said gift.

The purpose of such gifting is to establish a museum under the governance of an appropriate perpetual trust or like body for the purpose of displaying evidence of the Brigade's proud history, and to ensure that the extensive memorabilia gathered since the establishment of the Brigade in 1911 is retained and displayed appropriately.

Your Petitioners therefore respectfully request the Legislative Council to recommend support for the request of the residents of the Town of Bassendean.

And your petitioners as in duty bound will ever pray.
