PETITION IN RELATION TO [SUBJECT MATTER]

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia support the restoration of the Guildford Hotel and the development of a viable mixed-use building to the rear of the site (fronting Johnson Street). The new building will respond and respect the Heritage significance of the Guildford Hotel, in line with the proposed scheme amendment provisions, however be designed to enable a clear distinction of when the building was constructed. Further, the new building will assist with financing the restoration of the historic Guildford Hotel, and will incorporate apartments, commercial, and retail uses, that will support Guildford as a historic and viable transit oriented town.

Your petitioners therefore respectfully request the Legislative Council to acknowledge and redress the apparent vocal and minority negative sentiment that is artificially dominating the discussion about whether this development is welcomed by the Guildford and broader community, by indicating to government the level of support for the proposed development.

And your petitioners as in duty bound, will ever pray.

I certify that this petition is true and correct.
