Dear Maddison

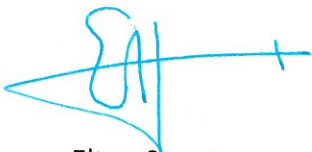

Submission | Petition No. 115 – Corner Thomas and Nicholson Roads in Oakford

Last week, the RAC announced the results of the risky road survey with Thomas Road, Oakford judged to be the seventh most dangerous road and alarmingly, the intersection came in as the second most dangerous in the metropolitan area. It is positive that in 2020 the earth moving gear will arrive and construct the solution for the intersection.

My appreciation and compliments on the recent State Government announcement allocation of \$10 million, matching the Federal Government to fund the upgrade of this dangerous intersection.

I encourage the Government to commence works early in 2020.

Yours sincerely

Elton Swarts
Executive Chairman
