in the State of Western Australia, am the promoter of this petition which

Petition in Relation to Euthanasia

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia are opposed to assisted suicide as we believe it normalises suicide to the youth, even children, and places pressure on the sick and the elderly to commit suicide.

Your petitioners therefore respectfully request the Legislative Council to oppose Euthanasia (whether voluntary or involuntary) and urge the government of the day to assign more resources to Palliative Care and initiatives that enhance and / or improve the quality of life for people with disabilities and / or illness. So called dying-with-dignity legislation suggests that illness and disability are undignified.

And your petitioners as in duty bound, will ever pray.
