 QUESTIONS ASKED TODAY
 

---

Notice Given

Thursday, 29 March 2018

**1092. Hon Colin de Grussa to the Leader of the House representing the Minister for Local Government:**

I refer to charges levied by local governments to heavy haulage companies or other road users for the maintenance of local roads, and I ask:

- (a) what specific section of the *Local Government Act 1995* confers power on local governments to levy road users for the upkeep of local roads;
- (b) how many local governments have agreements with companies or road users for the upkeep or payments for upkeep of local roads; and
- (c) will the Minister please provide a list of agreements made by local governments with other companies and industries for the upkeep of local roads.?

**1093. Hon Rick Mazza to the Minister for Regional Development representing the Minister for Water:**

- (1) When was the additional three months bypass introduced as a condition on licences issued pursuant to section 5C of the *Rights in Water and Irrigation Act (1914)*?
- (2) Why was the condition for an additional three months bypass introduced?
- (3) Did the department issue the proposed extended bypass for public comment by self-supply water licence holders and other stakeholders?
- (4) Did the Minister and the department conduct a Regulatory Impact Assessment of the impact on food producers of the change?
- (5) Will the Minister table the results of any Regulatory Impact Assessment or documentation of a similar assessment?
- (6) Has the department issued guidance notes to assist self-supply water users comply with the new condition:
  - (a) will the Minister table such notes?
- (7) Many of the farm dams on winter streams do not have pipes at the base of dam wall to enable release of water prior to overflow via spillway. How does the Minister envisage water licence holders with such dams will comply with the additional three month bypass?
- (8) Dams constructed on winter streams since the 1970s often have a pipe at the base to release water stale from breakdown of organic matter. The water outflow from such pipes will generally be less than inflow from winter streams during the additional three months of bypass required. How does the Minister envisage water licence holders with such dams will comply with the condition for additional three months bypass?
- (9) When dams, either licensed or unlicensed, without outflow pipes overflow via spillways this causes large volumes of stream flow to impact the next dam downstream. How does the Minister envisage a downstream dam with an outflow pipe to comply with the new condition when the large volume of water from upstream is far more than the outflow capacity of the pipe?

## LEGISLATIVE COUNCIL

## Questions Asked Today

**Notice Given**                      **Thursday, 29 March 2018**

- (10) Of the over 500 farm dams associated with water licences in the Warren and Donnelly River catchments:
  - (a) how many are on winter streams:
    - (i) how many of these dams cannot comply with the new condition?
- (11) Does the Minister acknowledge that the introduction of conditions for which it is not reasonably practical to comply is maladministration of law?
- (12) Does the Minister acknowledge that many farmers may accept the new condition because it is too hard to overcome 'red tape', but then not comply with the condition leaving themselves open to proceedings by the department?
- (13) Where else in Western Australia does the new condition for an additional three months of bypass apply?
- (14) What is intended by the statement in the condition "*or as otherwise directed by the Department of Water and Environmental Regulation*"?
- (15) Does the Minister acknowledge that such non-specific condition diminishes security of the water licence and ability to provide necessary security for bank loans to fund farm development?

**1094. Hon Rick Mazza to the Minister for Regional Development representing the Minister for Water:**

- (1) Why are none of the water resource management plans in Western Australia statutory plans?
- (2) Why hasn't the Minister appointed a Water Resources Council for the State under Part IIA of the *Water Agencies (Powers) Act 1984* to provide peak level advice to the Minister for Water?

**1095. Hon Rick Mazza to the Minister for Agriculture and Food:**

- (1) Has the State Government advised the Federal Minister for Agriculture and Water Resources that up to 15 gigalitres of water is being re-allocated away from access by self-supply water users to provide for the irrigation scheme?
- (2) Has the State Government advised the Federal Minister for Agriculture and Water Resources that its actions have caused intense controversy amongst food producers in the Shire of Manjimup?
- (3) Has the State Government advised the Federal Minister for Agriculture and Water Resources that major change to the *Warren-Donnelly surface water allocation plan* (2012) was not issued for public comment by stakeholders?
- (4) Priority in Federal funding under the National Infrastructure Development Fund is given to projects within statutory water resource management plans. Has the State Government advised the Federal Minister for Agriculture and Water Resources that the *Warren-Donnelly surface water allocation plan* (2012) is not a statutory plan prepared in accordance with Part III, Division 3D 'Plans for management of water resources' of the *Rights in Water and Irrigation Act (1914)*?

**1096. Hon Rick Mazza to the Minister for Regional Development:**

- (1) Has the State Government advised the Federal Minister for Agriculture and Water Resources that up to 15 gigalitres of water is being re-allocated away from access by self-supply water users to provide for the irrigation scheme?
