I note that the Menzies nursing post, which was previously a full time post up until February 2012, has recently been filled by a nurse on a 0.6 (3days per week) basis and ask:

- (a) given the Shire of Menzies have previously indicated their willingness to provide the salary and accommodation for a 0.4 nursing position, what support (if any) has the WA Country Health Service provided to them in trying to attract someone appropriately qualified to cover the remaining two days a week in which the town is without a nurse;
- (b) why does the Department of Health website still publicise this service on their website as being staffed Mon–Fri 8.30–4.30, when it is only actually staffed three days a week;

 - (i) does the Minister think this is a satisfactory arrangement for after-hours coverage; and
 - (ii) has there been any consideration given to providing an on-call locum or nursing service based in Kalgoorlie;
- (d) given that on the days the nurse is not working in Menzies, the nurse does not reside in Menzies, and that the only other first aid available in town is from a St John's trained volunteer, are there any plans by the State Government to offer free, or subsidised first aid training in the Town to up-skill the local population to deal with an emergency should one occur on a day when the nurse is not in town;
- (e) has the 0.5 vacancy for an Aboriginal Health Worker in the town, which is extremely important given almost half the population is Aboriginal, has this position been filled;
- (f) how are child-health checks and immunisations of children in the town being performed, is this being done by the nursing post; and
