- (b) how were the submissions to the Aboriginal Early Years service's Wyndham grant assessed;
- (c) within the Department of Local Government and Communities, is there a board or group of people who assesses the grant applications;
- (d) who sits on the assessment board; and
- (e) do the assessment board members have any understanding of the Wyndham area and the organisations in Wyndham?

4310. Mr D.A. Templeman to the Minister for Transport:

In March this year, the Government announced Georgiou Group, Lend Lease Engineering and the OHL/York Joint Venture had been shortlisted to provide concept designs for the new Mandurah bridge. They had until June 23 to submit an application to the Government. I now ask:

- (a) when will the design concepts be released to the public for public comment;

- (b) once released for public comment will there be an option to change any of the concept designs;
- (c) what is the timeline for the concept design to be accepted; and
- (d) once the final design has been approved what is the construction time line?

4311. Mr R.H. Cook to the Minister for Health:

- (1) Where is the \$1.2m capital funding and \$500,000 in recurrent funding for the restricted services to be provided by the Marie Stopes Clinic, previously you have indicated it was not coming out of the \$360m budget allocation for the Midland Health Campus and it has required new and additional funding? This new and additional extra money does not appear to be in the budget, will it be in the mid-year review?
- (2) What is the duration of WA Health's contract with Marie Stopes?
- (3) Marie Stopes does not currently do hysterectomies, will patients needing hysterectomies for sterilisation have to go to King Edward Memorial Hospital?
- (4) Marie Stopes Clinic does not perform late term terminations, will patients requiring these services be referred to King Edward Memorial Hospital?
- (5) Were any costings done on providing restricted services at Kalamunda Hospital. If so, would it have been cheaper/or comparable to provide these services at Kalamunda?
- (6) Was any extra consideration or weight given to the fact Kalamunda has the potential to give both greater anonymity to patients and greater security (eg. people could be at Kalamunda presenting for any type of day surgery, whereas the Marie Stopes clinic is dedicated to providing contraception, termination and sterilisation services and regularly experiences protestors outside the front of the clinic)?

4312. Mr R.H. Cook to the Minister for Health:

- (1) I refer to the total budget allocation of \$3.3m in the 15/16 State Budget for the new car park at Osborne Park Hospital. The Government first announced \$5.5m for a new 500 bay car park at Osborne Park back on 18 February 2013, but in the 2013/14 budget only \$3.5m was allocated for this project. This budget shows the total allocation for the carpark has been reduced again to just \$3.3m. Why has the budget for this been reduced further?
- (2) Is a smaller car park being constructed, with less parking bays than originally planned, or is a 500 bay car park really being built for \$2.2m less than the original announcement?
- (3) Will this car park be free parking, or paid parking?
- (4) I note that the 15/16 budget pushes money for completion of this project out yet again, from finishing in the 15/16 financial year to pushing \$1m to complete this in the 16/17 financial year. When will the car park be practically completed?
- (5) Will this car park be reserved for staff, general public or a mixture of both, and if a mixture, can you please provide a breakdown of how many bays will be for staff versus bays?

4313. Mr R.H. Cook to the Minister for Health:

I refer to the Health reform program discussed on pages 126-7 of Health Budget (Budget Paper 2, Volume 1) regarding management and governance reform and ask:

- (a) what consultation has occurred in developing this new governance legislation and when will it be introduced;
- (b) are these the re-establishment of boards that have been previously abolished;
- (c) what will be the composition of these boards; and
- (d) can you give some clarification, or define the role of 'systems manager'?

4314. Mr R.H. Cook to the Minister for Health:

- (1) I refer to Midland Medical School, which the State Government has announced will be built in close proximity to the Midland Health Campus, and stated one of the reasons behind the school's proposed location is intended to get more students from lower socio economic backgrounds and more Aboriginal students into medicine. How do you propose to actually achieve that outcome?
- (2) Will the State be providing medical scholarships specifically for Aboriginal students at Midland?
- (3) Does the State already provide any scholarships for Aboriginal students to study medicine, if so, can you please provide details?

4315. Mr R.H. Cook to the Minister for Health:

I refer to lives lost due to melanoma and commend the Government for finally announcing a date banning commercial solariums by 1 January 2016, albeit year later than the rest of the country, and I note that there is no detail in the budget re: compensation and ask:

- (a) what is the total budget allocation to provide compensation to commercial tanning salon owners;
- (b) is this compensation already in the 15/16 budget or will it require new and additional funds, if so, how much in total has been allocated for compensation;
- (c) what is the actual compensation amount that will be provided per bed;
- (d) will there be a two tiered compensation scheme which has been introduced in other states like Queensland essentially providing more compensation for those owners who voluntarily surrender their tanning bed licenses earlier as an incentive, and reduced/lesser amount of compensation for those who continue operating up until the date they become illegal; and
- (e) will the Department of Health require commercial tanning beds to be physically destroyed/physically surrendered as part of the compensation package or how will they be disposed of eg. Will anything prevent commercial tanning bed owners on-selling beds for private use and causing more skin cancer?

4316. Mr R.H. Cook to the Minister for Health:

I refer to page 141 in Budget Paper 2 of the State Budget under the Medical Oncology Development at Royal Perth Hospital (RPH) which shows work that should be completed this year and ask:

- (a) does this work relate to the decommissioning of the 2 linacs at RPH, which were meant to cease operating with the commissioning of radiotherapy services at Fiona Stanley Hospital (FSH) in February 2015, which is meant to have a full complement of 4 linacs;
- (b) have any patients at FSH or RPH not been able to access radiotherapy within clinically recommended timeframes for between February and June this year;
- (c) can you confirm FSH only has 2 linacs operating, or has a 3rd one now commenced operating;
- (d) when will the 4th linac at FSH be operational;
- (e) given the delays in FSH having all 4 linacs on deck, and much higher than expected demand for radiotherapy at FSH, will plans still proceed to decommission both linacs at RPH, or will at least one linac be retained at RPH? In the Assembly estimates the Director General seemed to indicate that some oncology services might need to go back to RPH;
- (f) I understand the overflow of patients for linacs at RPH were being sent to genesis for radiotherapy, at no cost to the patient, up until February this year when the 2 linacs at

FSH started operating - has the State Government re-negotiated a new contract with Genesis for the overflow of public patients requiring radiotherapy;

- (g) have operating hours of all LINACS in the Perth metro area been extended to cope with current demand until the extra LINACs at FSH are operating at full capacity; and
- (h) the Director General of Health mentioned in the Assembly estimates that a Statewide review of oncology services has just been completed. Can you please provide me with a copy of the review?

I refer to the current \$15.4m redevelopment of the Armadale Kelmscott Memorial Hospital, in last year's budget this was meant to have \$1m spent on it this current financial year, \$3.2m in 15/16 and \$2m in 16/17 and I note that in the 15/16 State budget it reveals no money was spent on the development in this current financial year, a reduction of \$1m for the 15/16 year on the previous forward estimate, a reduction of \$1.2m for the 16/17 year and pushing this money out to the 17/18 year, and ask:

- (a) is the completion of the redevelopment this hospital delayed by yet another year, if so why; and
- (b) are there any plans to increase the existing bed numbers and expand the level and range of services provided at this hospital as part of this redevelopment? If so, please provide details?
