That the Council —

- (a) notes the fundamental inequality in the current method of Goods and Services Tax (GST) distribution between the states, which sees Western Australia receive less than half of what it would receive on a per capita basis;
- (b) supports the introduction of a set per capita basis of distributing GST revenue amongst the states; and
- (c) calls for the balance of GST revenue, beyond the set per capita distribution, to be distributed in an agreed and target-based manner creating a competitive environment which would drive productivity reforms, driving future growth across the Federation.
