- 27 (2) The Authority may, at its discretion, give or refuse to

3 under section 38.
- 4 **38D. Proponent may give notice that a referred proposal**
5 **will not proceed**
- 6 (1) If at any time before the Authority has decided whether

11 withdrawn.
- 12 (2) This section applies whether or not the proposal was
13 referred to the Authority by the proponent.
- 14 **38E. Proposals derived from assessed strategic proposals**
- 15 (1) A referred proposal may be dealt with under this
16 section if —
- 17 (a) there has been an assessment under this
18 Division (the *strategic assessment*) of a
19 strategic proposal; and
- 20 (b) a Ministerial statement has been published in
21 relation to the strategic proposal.
- 22 (2) If this section applies, the proponent of a referred
23 proposal may request the Authority in writing to
24 declare the referred proposal to be a derived proposal.
- 25 (3) If the proposal is referred by the proponent, a request
26 under subsection (2) may be made in the referral.
- 27 (4) If a request is made under subsection (2), the Authority
28 must declare the referred proposal to be a derived
29 proposal if it considers that —
- 30 (a) the referred proposal was identified in the
31 strategic proposal; and

- 1 (b) in the implementation agreement or decision set
2 out in the statement mentioned in
3 subsection (1)(b) it was agreed or decided that
4 the referred proposal could be implemented, or
5 could be implemented subject to conditions and
6 procedures agreed or decided under section 45.
- 7 (5) Despite subsection (4), the Authority may refuse to
8 declare the referred proposal to be a derived proposal if
9 it considers that —
- 10 (a) environmental issues raised by the proposal
11 were not adequately assessed in the strategic
12 assessment; or
- 13 (b) there is significant new or additional
14 information that justifies the reassessment of
15 the issues raised by the proposal; or
- 16 (c) there has been a significant change in the
17 relevant environmental factors since the
18 strategic assessment was completed.
- 19 (6) If the Authority declares the referred proposal to be a
20 derived proposal, it must —

22 under section 39(1); and
- 23 (b) give written notice of the declaration to the
24 Minister.
- 25 (7) If the Authority declares the referred proposal to be a
26 derived proposal, it cannot decide to assess the
27 proposal except for the purposes of conducting an
28 inquiry under section 46(4).
- 29 (8) If the Authority refuses to declare the referred proposal
30 to be a derived proposal, it must give written notice of
31 the refusal to the proponent.
- 32 (9) A notice under subsection (8) may be included in the
33 notice given under section 38G(1)(b)(i).

s. 15

- 1 (10) For the purposes of this section it does not matter
2 whether the proponent of the referred proposal was, or
3 was not, the proponent of the strategic proposal.
- 4 **38F. Request for further information**
- 5 (1) This subsection applies if the Authority considers that
6 it does not have enough information about a referred
7 proposal to enable it to decide —
8 (a) whether or not to assess the proposal; or
9 (b) whether or not to agree to a request made under
10 section 38E(2).
- 11 (2) If subsection (1) applies, the Authority may, by written
12 notice (a *requisition*), request any person to provide it
13 with additional information about the proposal before
14 the end of a period specified in the notice (the
15 *compliance period*).
- 16 (3) In determining whether the 28 day period set by
17 section 38G(1) has ended the following are to be
18 disregarded —
19 (a) if a requisition is complied with within the
20 compliance period — the period from the day
21 on which it was issued until the day on which it
22 was complied with;
23 (b) if a requisition is not complied with within the
24 compliance period — the compliance period.
- 25 (4) If a requisition in relation to a proposal is issued to the
26 person who referred the proposal and the compliance
27 period ends without the requisition having been
28 complied with, the Authority may, by written notice to
29 the person, declare the referral to have been withdrawn.
- 30 (5) If the proposal was not referred by the proponent, the
31 Authority must obtain the consent of the proponent
32 before giving notice under subsection (4).

38G. Authority must decide whether to assess a referred proposal

- (1) The Authority must, within 28 days after the referral of a proposal —
- (a) decide whether or not to assess the referred proposal; and
 - (b) give written notice of the decision —
 - (i) to the proponent; and
 - (ii) if the proposal was not referred by the proponent — to the person that referred it; and
 - (iii) to any decision-making authority determined by the Authority to be a relevant decision-making authority in relation to the proposal.
- (2) Subsection (1) does not apply if —
- (a) under section 38D, the referral is taken to have been withdrawn; or
 - (b) the proposal is declared under section 38E to be a derived proposal; or
 - (c) under section 38F(4), the referral has been declared to have been withdrawn.
- (3) The Authority's decision under subsection (1) must be based on —
- (a) any information submitted to it when the proposal was referred; and
 - (b) any additional information provided to it under section 38F; and
 - (c) any information derived from its own investigations and inquiries.

s. 15

- 1 (4) In making its decision under subsection (1) the
2 Authority may take into account other statutory
3 decision-making processes that can mitigate the
4 potential impacts of the proposal on the environment.
- 5 (5) If, for any reason, a relevant decision-making authority
6 is not given notice as required by subsection (1)(b)(iii)
7 that a proposal is going to be assessed, the Authority
8 may give written notice to the decision-making
9 authority under this subsection.
- 10 (6) Notice under subsection (5) may be given by the
11 Authority of its own motion or at the request of the
12 decision-making authority, and may be given at any
13 time before a report on the proposal is given to the
14 Minister under section 44(1).
- 15 (7) If the Authority decides not to assess a proposal, it may
16 nevertheless give advice and make recommendations
17 on the environmental aspects of the proposal to the
18 proponent or any other relevant person or authority.

19 **38H. Nomination of person responsible for proposal**

24 be assessed by it under this Part.

24 In this Division —

25 *assessed proposal* means the proposal to which a report
26 mentioned in section 45(1) relates;

28 authority that could have the effect of causing or
29 allowing the assessed proposal to be implemented;

implementation agreement or decision means an agreement or decision under sections 45 and 45A (or under those sections as applied by section 46(8)) as to whether or not a proposal to which a report published under section 44(3)(a) relates may be implemented and, if that proposal may be implemented, as to what conditions and procedures, if any, that implementation is subject;

implementation conditions means the conditions and procedures, if any, agreed or decided in relation to the assessed proposal under section 45 and 45A (or under those sections as applied by section 46(8)) and, if those conditions and procedures are amended under section 45C or on an appeal lodged under section 100(3), means those conditions and procedures as so amended;

implementation issue means —

- (a) the issue of whether or not the assessed proposal may be implemented; or
- (b) the issue of the conditions and procedures, if any, to which the assessed proposal, if implemented, should be subject;

key decision-making authority means a decision-making authority determined by the Minister under section 45(2) to have a role in making major decisions in relation to matters in the assessed proposal that may have significant effects on the environment.

45. Procedure for deciding if assessed proposal may be implemented

- (1) This section applies after the Minister has caused a report to be published under section 44(3)(a).
- (2) For the purposes of this section the Minister must determine which or whom of the decision-making authorities in relation to the assessed proposal has a

s. 28

- 1 role, or have roles, in making major decisions in
2 relation to matters in the proposal that may have
3 significant effects on the environment.
- 4 (3) If the key decision-making authority, or one or more of
5 the key decision-making authorities, is or are another
6 Minister or other Ministers, the Minister must consult
7 and, if possible, agree with that Minister or those
8 Ministers on the implementation issues.
- 9 (4) If neither the key decision-making authority, nor any of
10 the key decision-making authorities, as the case
11 requires, is another Minister, the Minister must consult
12 and, if possible, agree with that key decision-making
13 authority or those key decision-making authorities on
14 the implementation issues.
- 15 (5) If the Minister and the other Minister or Ministers
16 referred to in subsection (3) cannot agree on an
17 implementation issue, the Minister must refer the
18 matter or matters in dispute to the Governor for
19 decision, and the decision of the Governor on that
20 matter or matters is final and without appeal.
- 21 (6) If the Minister and the decision-making authority or
22 decision-making authorities referred to in
23 subsection (4) cannot agree on an implementation
24 issue, the Minister must appoint an appeals committee
25 to consider and report to the Minister on the matter or
26 matters in dispute.
- 27 (7) Sections 106, 107, 108, 109 and 110 apply to and in
28 relation to a matter in respect of which the Minister has
29 appointed an appeals committee under subsection (6)
30 as if that matter were the subject of an appeal from a
31 decision of the Minister.

- 1 (8) If the implementation agreement or decision is that the
2 assessed proposal may be implemented, or may be
3 implemented subject to implementation conditions, the
4 Minister must —
- 5 (a) cause copies of a statement setting out the
6 implementation agreement or decision to be
7 served on —
- 8 (i) the Authority; and
- 9 (ii) each key decision-making authority and
10 any other decision-making authority to
11 which or whom notice of the
12 Authority's decision to assess the
13 proposal was given under
14 section 38G(1)(b)(iii) or (5); and
- 15 (iii) the proponent of the assessed proposal;
16 and
- 17 (iv) the person who referred the assessed
18 proposal (if it was not referred by a

23 is practicable after it is served under
24 paragraph (a).
- 25 (9) Section 45A sets out some kinds of implementation
26 conditions that may be agreed or decided in relation to
27 the assessed proposal, but nothing in that section
28 prevents any other implementation condition from
29 being agreed or decided.
- 30 (10) Despite anything in this section —
- 31 (a) an implementation issue cannot be agreed or
32 decided under this section during the period of
33 21 days referred to in section 100(3a)(b); and

s. 28

- 1 (b) if an appeal is lodged under section 100(1)(d)
2 in respect of the report mentioned in
3 subsection (1) —
- 4 (i) an implementation issue cannot be
5 agreed or decided under this section
6 while the appeal is pending; and
- 7 (ii) if the decision on the appeal is to remit
8 the assessed proposal to the Authority
9 for further assessment or
10 reassessment — an implementation
11 issue cannot be agreed or decided under
12 this section before the report on that
13 further assessment or reassessment has
14 been published under section 44(3)(a).
- 15 (11) Subsection (12) applies if —
- 16 (a) a statement has been published under
17 subsection (8)(b) in relation to the assessed
18 proposal; and
- 19 (b) the Minister is satisfied that there is no reason
20 why the assessed proposal should not be
21 implemented.
- 22 (12) As soon as this subsection applies, the Minister may
23 cause to be served on the decision-making authority
24 precluded by section 41 from making a DMA decision
25 an authority in writing permitting a DMA decision to
26 be made.
- 27 (13) If the implementation agreement or decision is that the
28 assessed proposal may not be implemented, the
29 Minister must give written notice of the
30 implementation agreement or decision to —
- 31 (a) the Authority; and
- 32 (b) each key decision-making authority and any
33 other decision-making authority to which or
34 whom notice of the Authority's decision to

- 1 assess the proposal was given under
2 section 38G(1)(b)(iii) or (5); and
- 3 (c) the proponent of the assessed proposal; and
- 4 (d) the person who referred the assessed proposal
5 (if it was not referred by a person referred to in
6 paragraph (b) or (c)).
- 7 (14) If notice is given under subsection (13) of an
8 implementation agreement or decision for a significant
9 amendment of an approved proposal, that
10 implementation agreement or decision does not affect
11 the implementation of the approved proposal.

12 **45A. Implementation conditions**

- 13 (1) The following list sets out things the proponent of the
14 assessed proposal can be required to do under
15 implementation conditions —

18 specified date;
- 19 (b) at the proponent's expense, take environmental

- 7 (g) at the proponent's expense, arrange for audits

9 conditions have been complied with to be
10 carried out at specified times by a person
11 nominated or approved by the CEO and report
12 to the CEO on the findings of those audits.
- 13 (2) In subsection (1) —
- 14 *other land* means land other than the subject land;
- 15 *specified* means specified in an implementation
16 condition;
- 17 *subject land* means the land to which the assessed
18 proposal relates.
- 19 (3) If the implementation agreement or decision authorises
20 the assessed proposal to be implemented only if it is
21 implemented in 2 or more stages, the implementation
22 agreement or decision may include implementation
23 conditions specifying requirements in relation to the
24 implementation of a stage of the proposal that must be
25 met to the satisfaction of the CEO before the
26 implementation of the next stage can take place.
- 27 (4) An implementation condition may require the
28 proponent to pay fees or charges payable under
29 section 48AA(1) in relation to the assessed proposal.

45B. Implementation of derived proposal

- (1) In this section —
- section 38E declaration* means a declaration under section 38E that a proposal is a derived proposal.
- (2) Subject to subsection (3), when the Minister is notified under section 38E(6)(b) of a section 38E declaration, the previous Ministerial statement relating to the derived proposal takes effect and the Minister must cause written notice of the taking effect of the Ministerial statement to be served on —

 - (b) each decision-making authority that received the Ministerial statement under section 45(8)(a)(ii); and
 - (c) the proponent of the derived proposal; and
 - (d) the person who referred the derived proposal (if it was not referred by a person referred to in paragraph (b) or (c)).
- (3) If the previous Ministerial statement relating to the derived proposal included implementation conditions relating generally to 2 or more future proposals, the Minister may, in the notice under subsection (2), specify which of those implementation conditions apply to the derived proposal and, subject to sections 46 and 46A, the conditions and procedures so specified are the implementation conditions relating to the derived proposal.

 - (c) approve an amendment to an approved proposal and amend implementation conditions relating to the approved proposal.

- (3) The Minister must not approve or make an amendment requested under subsection (1) if the Minister considers that the requested amendment is a significant amendment.
- (4) Whether or not there has been a request under subsection (1), the Minister may amend an approved proposal if the Minister considers that the amendment is of a minor nature and is necessary and desirable in order to correct in the description of the proposal —
- (a) a clerical mistake or unintentional error or omission; or
 - (b) a figure that has been miscalculated; or
 - (c) a misdescription of any person, thing or property.

- 1 (5) Whether or not there has been a request under
2 subsection (1), the Minister may amend

- 23 (ii) each decision-making authority that was
24 consulted under this Act in relation to
25 the implementation conditions; and

11 section 46(1) whether or not the Minister
12 considers that the implementation conditions,
13 or any of them, should be amended; or
- 14 (b) the Minister may agree with any
15 decision-making authority that was consulted
16 under this Act in relation to the existing
17 implementation conditions that the proposed

20 decision-making authority under section 38(4)
21 as a significant proposal.

- 22 (2) The notice must —

- 29 representations may be made.
- 30 (3) The representations must be made in writing.

- 7 the period stated in the notice within which

- 9 (5) The CEO must have regard to any representations

- 26 appeal.
- 27 **58B. Effect of suspension**
- 28 (1) While a licence is suspended it continues in force and
- 29 is capable of being revoked or transferred.

1 (2) Despite subsection (1), a licence that is suspended does
2 not authorise the carrying out of controlled work or a
3 prescribed activity.

4 (3) In the case of a suspension under section 56(2)(b),
5 subsection (2) applies only to the work or activities in
6 respect of which the licence has been suspended.

7 **59. Transfer of licence**

8 (1) If an application (a *transfer application*) is made under
9 section 53C(2)(b) for the transfer of a licence to a

13 Division —

17 must have regard to —

18 (a) any prescribed standards the CEO considers
19 relevant; and

20 (b) any development approval or planning
21 instrument the CEO considers relevant; and

22 (c) whether the transferee would have, and be
23 capable of exercising, substantial control over
24 the carrying out of work or activity authorised
25 or dealt with by the licence if the licence were
26 transferred; and

27 (d) any other matter the CEO considers relevant.

2 the transfer application.

3 **60. Surrender of licence**

5 a licence the CEO must, subject to this Division —
6 (a) accept the surrender; or
7 (b) refuse to accept the surrender.
- 8 (2) In determining whether to accept the surrender of a
9 licence, the CEO must have regard to —

11 relevant; and
12 (b) any development approval or planning
13 instrument the CEO considers relevant; and
14 (c) any other matter the CEO considers relevant.
- 15 (3) The CEO must give the holder of the licence written
16 notice of the CEO's decision on the application to
17 surrender the licence.
- 18 (4) If the CEO accepts the surrender the licence ceases to
19 be in force when the notice under subsection (3) is
20 given.
- 21 (5) The CEO must publish notice of the CEO's decision on
22 the application.

23 **60A. Effect of referred proposal on decisions about**
24 **licences**

- 25 (1) For the purposes of this section, the grant, amendment
26 or transfer of a licence (a *proposed grant, amendment*
27 *or transfer*) is related to a referred proposal if the
28 proposed grant, amendment or transfer is connected or
29 associated with the referred proposal in such a way that
30 the proposed grant, amendment or transfer would not

- 1 need to be made if the implementation of the referred
2 proposal did not proceed.
- 3 (2) While any decision-making authority is precluded by
4 section 41 from making a decision in relation to a
5 referred proposal, the CEO must not make a proposed
6 grant, amendment or transfer that is related to the
7 referred proposal.
- 8 (3) The CEO must not make a proposed grant, amendment
9 or transfer that is related to a referred proposal if the
10 proposed grant, amendment or transfer is contrary to,
11 or otherwise than in accordance with, a Ministerial
12 statement.
- 13 (4) Subsections (2) and (3) do not apply to the grant,
14 amendment or transfer of a licence to enable the doing
15 of minor or preliminary work to which the Authority
16 has consented under section 41A(3).
- 17 (5) If a decision-making authority makes a decision that
18 has the effect of preventing the implementation of a
19 referred proposal to which a proposed grant,
20 amendment or transfer is related, the CEO does not
21 have to perform any function under
22 section 54(1), 55(1) or 59(2) concerning the proposed
23 grant, amendment or transfer while the
24 decision-making authority's decision has effect.
- 25 (6) This section does not apply to anything done by the
26 CEO under section 110(1) to give effect to a decision
27 of the Minister under section 107(2) or 109(3) on an
28 appeal.

29 **60B. Relationship between licences and approved policies**

- 30 (1) In considering —
31 (a) an application for a licence; or

s. 60

- 1 (b) an application for an amendment of a licence;
2 or
3 (c) an application for the transfer of a licence,
4 the CEO must ensure that the licence, amendment or
5 transfer is consistent with any approved policy.
- 6 (2) The CEO must not amend or must refuse to grant or
7 transfer a licence if the CEO considers that the
8 associated effect on the environment would be
9 inconsistent with any approved policy.
- 10 (3) Despite subsections (1) and (2) —
- 11 (a) if the CEO is satisfied that, as a result of
12 environmental circumstances having changed,
13 the environment or an environmental value of
14 the area concerned requires a higher level of
15 protection than would be provided by the
16 standards required by or under any approved
17 policy or by prescribed standards, the CEO may
18 grant or amend a licence so as to make the
19 licence subject to conditions which specify
20 standards that are more stringent than those
21 required by or under the approved policy or by
22 the prescribed standards; and
- 23 (b) if the CEO is satisfied that, as a result of the
24 approval under section 31(d) of a new approved
25 policy or as a result of an approved policy as
26 amended being confirmed under
27 section 37(3)(a), any condition to which an
28 existing licence is subject is inconsistent with
29 that approved policy, the CEO may amend that
30 licence to make it consistent with that approved
31 policy.
- 32 (4) Subsection (3) does not authorise the imposition of a
33 condition that is contrary to, or not in accordance with,
34 a Ministerial statement.

- (5) For the purposes of the application of section 74A(1)(b), if conditions more stringent than others required by or under an approved policy or by a prescribed standard are imposed under subsection (3)(a), the conditions so imposed must be complied with instead of or in addition to those other conditions.

8 Subdivision 5 — Conditions

9 **61. Licence conditions**

- 10 (1) A licence may be granted or transferred subject to
11 conditions the CEO considers to be necessary or
12 convenient for the purposes of this Act relating to the
13 prevention, control, abatement or mitigation of
14 pollution or environmental harm.
- 15 (2) Section 61A sets out some kinds of conditions that may
16 be attached to a licence.
- 17 (3) The regulations may prescribe further kinds of
18 conditions that may be attached to a licence.
- 19 (4) Nothing in section 61A or regulations made under
20 subsection (3) prevents other conditions from being
21 attached to a licence.
- 22 (5) Without limiting subsection (3), the regulations may
23 prescribe conditions to which every licence, or every
24 licence of a kind specified in the regulations, is subject
25 unless otherwise specified in the licence.
- 26 (6) Without limiting subsections (1) to (5), a licence may
27 be subject to a condition that the holder of the licence
28 comply with a requirement to pay a levy imposed
29 under the *Waste Avoidance and Resource Recovery*
30 *Levy Act 2007* in relation to waste received at premises
31 to which the licence relates.

s. 60

1 (7) Without limiting subsections (1) to (5), a licence may
2 be subject to a condition that the holder of the licence
3 comply with a requirement to pay a levy imposed
4 under Part VIIB Division 2A if the licence authorises a
5 monitored activity.

6 (8) Except as provided in section 60B a condition must not
