## ESTIMATES AND FINANCIAL OPERATIONS COMMITTEE

#### SUPPLEMENTARY INFORMATION

Friday, 13 August 2010

#### **Ministry of Transport**

Question No A1: Hon Ken Travers asked for each of the projects that are under the broad heading of the Gateway project, what is the estimated total cost; and, of that how much is currently listed in the budget?

#### Answer:

The forward estimates contain a suite of projects along Tonkin Highway between Leach Highway and Roe Highway which form part of the Nation Building Program (formerly AusLink 2) funding commitment for the Perth Urban Corridor. Of the original \$700 million funding commitment made to the Perth Urban Corridor, \$177 million was allocated to six projects on Tonkin Highway being:

- Tonkin / Leach interchange
- Tonkin / Horrie Miller Drive / Kewdale interchange
- Tonkin / Abernethy interchange (on-ramp only)
- Tonkin / Roe interchange (minor improvements only)
- Tonkin Highway widening to 6 lanes (Leach to Roe)
- Tonkin Highway ITS

These projects were developed prior to Perth Airport announcing plans to consolidate all airport operations at the site of the current international terminal. Major changes to the future configurations of both Tonkin and Leach Highways, including the above interchanges, are now required to service the proposed new airport. The above projects (with the exception of the Abernethy on-ramp to Tonkin Highway) will be superseded by the proposed Gateway WA project.

Note that Main Roads propose to build the Abernethy on-ramp project over the period 2010/11 to 2011/12 at an estimated cost of \$16 million in advance of the Gateway WA project.

No work has been undertaken to revise the cost estimates or budgets for the remaining Tonkin Highway projects listed above since the original allocations were made in 2008 given that the scope of works is under review and expected to change significantly. Main Roads is currently in the process of rolling these funds into a single project allocation that will form part of the Gateway WA project.

# ESTIMATES AND FINANCIAL OPERATIONS COMMITTEE SUPPLEMENTARY INFORMATION

## Friday, 13 August 2010

## **Ministry of Transport**

Question No A2: Hon Ken Travers and Hon Alison Xamon asked for the total cost of services (page 424), for each year listed in the service summary, and can the percentage of that total cost of service that is actually a Commonwealth contribution be provided. Also it was agreed that the calculation would not only include the forward estimates but also go back two years for comparison purposes.

#### Answer:

From the Service Summary Table (\$'000)

Budget Year	2008/09	2009/10	2010/11	2011/12	2012/13	2013/14
Cost of Services	1,356,680	1,368,005	1,214,545	1,293,071	1,379,880	1,464,868
Commonwealth	179,290	249,422	244,932	339,040	403,200	237,843
Commonwealth %	13.22%	18.23%	20.17%	26.22%	29.22%	16.24%

## SUPPLEMENTARY INFORMATION

## Friday, 13 August 2010

## **Ministry of Transport**

Question No A3: Hon Ken Travers asked that the Minister provide the indicative cost of widening the Freeway north of Hepburn Avenue to Hodges Drive (a third lane in each direction).

## Answer:

It is estimated that it would cost in excess of \$95 million to widen the Mitchell Freeway between Hepburn Avenue and Hodges Drive by a third lane in each direction (in 2010 dollars).

#### SUPPLEMENTARY INFORMATION

## Friday, 13 August 2010

## **Ministry of Transport**

Question No A4: Hon Ken Travers and Hon Alison Xamon asked if any representations have been made to the Commonwealth with regard to funding for the Perth – Darwin Highway.

#### Answer:

No formal request for funding for the Swan Valley Bypass has been made to the Commonwealth, however informally information on the project has been provided to the Federal Department of Infrastructure, Transport, Regional Development and Local Government to keep them informed on the issues and community interest concerning this project.

## SUPPLEMENTARY INFORMATION

## Friday, 13 August 2010

## **Ministry of Transport**

Question No A5: Hon Alison Xamon asked the Minister to provide a breakdown of the programs and their costs for the \$27.969 million budget line item (Infrastructure for Community Access 2010-11 Budget Target).

#### Answer:

## Infrastructure for Community Access (\$27.969M)

Project Description	2010/11 \$'000
Hopetoun to Bremer Bay Road - Commence Construction of Stage 1,	10,000
Hamersley Drive to Hamersley Inlet and Bremer Bay to Point Ann	
Carnarvon Mullewa Road - Ongoing program to Construct and Seal road	3,100
Gibb River Road - Improve formation and gravel sheeting of road	2,726
Great Northern Highway - Bow River section, complete reconstruction	4,151
Remote Access Grants - Various locations	1,438
Great Central Road - Allocation to Shire of Laverton - Improve formation and gravel sheeting of road	1,000
Great Central Road - Allocation to Shire of Ngaanyatjarraku - Improve formation and gravel sheeting of road	1,000
Great Northern Highway - Design Bridge over Sally Downs Well Creek	870
Great Northern Highway - Telegraph Creek bridge - Finalise construction	857
Great Northern Highway - Fletchers Creek bridge - Finalise construction	627
Shire of Broome - Cape Leveque Rd - Various Improvements	417
Marble Bar Road - Floodway Improvement Works	235
Pinjarra Road - Barragup - Install Hand Railing to footpath on Barragup Bridge	230
Somerville Drive - Construct and Seal link to Robertson Drive	200
Greenough River bridge - Finalise construction	162
Metropolitan Region - Improve Pedestrian and Cycling Facilities	125
Metropolitan Region - Improve Principal Shared Path Lighting	100
Allocation of overhead charges to program	731
Program Total	27,969

## SUPPLEMENTARY INFORMATION

Friday, 13 August 2010

## **Ministry of Transport**

Question No A6: Hon Ljiljanna Ravlich asked the Minister to provide the Committee with information on the 2009-10 budget and the number of consultants used by Main Roads and how much they were paid for the duties they undertook.

#### Answer:

The number of consultants used by Main Roads in 2009/10 is six. The Budget amount was \$0.764 million. Payments were \$0.574 million.

#### SUPPLEMENTARY INFORMATION

#### Friday, 13 August 2010

#### **Ministry of Transport**

Question No A7: Hon Ljiljanna Ravlich and Hon Ken Travers asked the Minister to provide the Committee with information on Metropolitan areas, regional areas and the names of the applicants for Black Spot funding. Could the Minister also identify the number of crashes in 2008-09 that occurred at each of those black spots for which funding was sought, and who applied and did not get Black Spot funding due to insufficient funds.

Also can the Minister indicate whether that \$7.883 million is for those who have missed out completely or those that have been put on the reserve list.

Answer No A7: (EDRNS)

- Provide the Committee with information on Metropolitan areas, Regional areas and the names of the applicants for Black Spot funding?
  - Refer to attachments "Local Road Black Spot Program Schedule 2010-2011 web version.pdf" and "State Road Black Spot Program Schedule 2010-2011 web version.pdf" for all of the information and names relating to submissions received for the 2010/11 State Black Spot Program.

- Could the Minister also identify the numbers of crashes in 2008/09 that occurred at each of those black spots for which funding was sought, and who applied and did not get Black Spot funding due to insufficient funds?
  - Refer to the attachment "Partially funded or reserve black spot projects for 2010/11.xls" for the number of crashes (2008 calendar year), who applied and did not get funded for the 2010/11 State Black Spot Program.

• Also can the Minister indicate whether that \$7.883 million is for those who have missed out completely or those that have been put on the reserve list?

The listed projects represent all of the submissions received that qualified for consideration under the State Black Spot Program and they have been listed as reserve projects.
