Te Urewera National Park, Kaweka Conservation Park and Rimutaka Forest Park.

The Te Urewera website says “The Lake and surrounding areas are popular with hikers, kayakers, hunters and fly-fishing enthusiasts” and “Guided red deer, wild pig, goat and other types of game shooting can be organised at Lake Waikaremoana. Responsible hunting is encouraged as away to control introduced animals.

The Kaweka website says “you don’t have to be into hunting and fishing to enjoy this park. Hikers and wilderness campers love it here too “and “Kaweka’s sika and red deer provide a challenge for hunters from all over the world. Hunting is encouraged to keep the deer population under control.”

The Rimutaka website says “The Rimutaka Forest Park is a great place for camping and outdoor experiences, from easy walks to challenging wilderness hikes”and “The Rimutaka Forest Park contains native birdlife, including bellbirds, tui, kaka kereru and ruru. Red deer, goats, pigs and possums are also present. Recreational hunting of these introduced species is encouraged in specified areas
