Dear Ms Mesiti

**RE: Correction on Transcript of evidence**

I am writing to inform the Standing Committee of some errors on the Uncorrected Copy of the Transcript of evidence taken on Thursday, 6 February 2014 for the inquiry into the Workforce Reform Bill.

On **page 10** of the Transcript I have referred to the cumulative increases in rents in WA having been 17 per cent over a two year period from June 2010 to June 2012. This is actually mean to be for a three year period from June 2010 to June 2013. The subsequent references to increases in utilities and hospital services over two year periods are also actually figures for three year periods.

Also – on **page 5** the WA public sector workforce is described as '14 000' people when it should be '140 000' people.

Also – **page 2**, line 3 reads as 'a broader agenda on the public sector' whereas it should be 'a broader attack on the public sector'.

If these references could be corrected in the final drafts of the Transcript it would be greatly appreciated.

Yours sincerely

Meredith Hammat
