SELECT COMMITTEE INTO THE DEPARTMENT OF EDUCATION
AND TRAINING

Re: Additional Information

In relation to Hon NORMAN MOORE's question "Have you had any contact with any government official, or been approached by any government official, about these matters since you left your job?" I submit the following additional information:

Like Mr Albert I was contacted by Ms Melanja Kwiatkowski from the Department of Education and Training on Friday 24 November 2006 when she offered access to files of documentation pertaining to this hearing as well as the contact telephone number of an officer at the State Solicitors Office. I thanked her for the offer but declined.

I have also had several general telephone conversations with Department of Education and Training Officers Mr Kim Ward, acting Executive Director Human Resources and Mr Peter McCaffrey, Chief Financial Officer. These conversations dealt with matters such as the MIR and during which I inquired as to whether any fall out from the CCC Report had impacted on staff in the Complaints Management unit.

Yours sincerely

Albert Huts
