

ESTIMATES AND FINAICAL OPERATIONS COMMITTEE

Friday, 4 December 2009

Ministry of Regional Development
Mid West Development Commission

PUBLIC

Supplementary Information No B1: Hon K Travers asked what quantity of power is required for the SKA.

Answer: The Mid West Development Commission's advice is that the SKA will require power within the range of 50-100 megawatts. A more definitive answer cannot be provided at this point.

Supplementary Information No B2: Hon K Travers asked what was the total expenditure on the foreshore and how was it broken up?

Answer: Financial information on the Geraldton Foreshore project is enclosed.
