Select Committee into the Police Raid  
On the Sunday Times  
Parliament House  
PERTH WA 6000

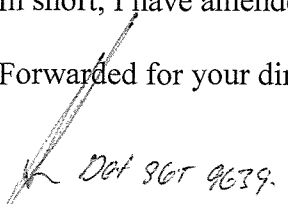

As you are aware, on 9 June 2008, I gave evidence before your Committee. I have since received an uncorrected copy, session four, titled, "Select Committee into the Police Raid on the Sunday Times, Transcript of Evidence Taken at Perth, Monday, 9 June 2008."

I draw your attention to the evidence I gave on pp 23. I provide the committee with the following correction:

"Six IT staff came late in the warrant. That takes it down to 21 people. There were approximately two people on each of the exits. There are five exits, which means 10 officers, which takes the total to **11**. Five people were conducting the search and coordination, and there were supervisors to supervise the remainder of those staff. For the purpose of the search, about five officers were available for that particular search, including me. Of the remaining staff, six searched the computer mainframe and the network at the Sunday Times, and the remaining staff were there to ensure everybody's safety and to ensure that no evidence was removed from the Sunday Times through any exits."

In short, I have amended the number (16) to accurately reflect the correct total (11).

Forwarded for your direction,
