Subject: Fencing in Eaton Recreation Estate

Good afternoon Lauri & Mick,

I just thought I would inform you of a recent development regarding my fences at [REDACTED] Recreation Estate. If you will recall during the parliamentary Enquiry regarding the Dalyellup Estate & Eaton Recreation Estate fencing & Landscaping debacle, I stated that I had received my fencing but was unsure if the Fencing Contactor had been paid.

The answer to that question was NO. I received a phone call on Monday the 10th of October from [REDACTED] the fencing contractor. He informed me that he had not been paid for the work done on the 3 properties in question. He did say he had been in contact with Peter James who kindly offered to pay him \$1000.00/mth. [REDACTED] told him this arrangement would not suit as it would take over 8months to pay!! [REDACTED] has to this day not received one cent from Peter James & has had no further contact!

[REDACTED] informed me that if payment was not forthcoming almost immediately that he would regrettably be forced to start procedures to take back our fences. As you can imagine this is not an agreeable solution at all !!

I have since tried to contact Peter James regarding this urgent situation, but, once again, I have been met with silence. Peter James clearly does not have any intention of honouring any of his responsibilities in regard to Eaton Recreation Estate & its residents.

I am clearly a very unhappy & disillusioned party affected by [REDACTED] Peter James.

Kind Regards
Jane Ryan-Barnard
