**PETITION - URGENT ASSISTANCE NEEDED TO IMPROVE HOUSING CONDITIONS IN WARRALONG COMMUNITY**

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We, the undersigned residents of Western Australia support the urgent assistance and attention needed from the Department of Housing to rectify the housing conditions at Warralong Community.

Your petitioners therefore respectfully request the Legislative Council support the urgent allocation of a Departmental Officer to review the current services being provided and outline a short term and long term resolution to change the current housing conditions at Warralong Community.

We, the community, are particularly concerned with the following:

- failure to provide a clean and safe living environment for community residents
- overcrowding of occupancy in each house
- basic housing maintenance issues
- the lack of regular tenancy housekeeping development sessions
- the absence of general weekly rubbish removal and clean up of community before cyclone season
- lack of planning to expand the community

We also request that the Department of Housing work alongside the Warralong Community Committee to address the current outstanding issues and to keep the Committee informed of any future decisions relating to community development.

And your petitioners as in duty bound, will ever pray.
