Your Ref: Petition No 21
Our Ref: 34-32917

Hon Simon O'Brien MLC
Chairman
Standing Committee on Environment and Public Affairs
Legislative Council Committee Office
18-32 Parliament Place
WEST PERTH WA 6000

Dear Mr O'Brien

Thank you for your letter dated 14 May 2014 regarding Petition No 21 – Funding and Staff Cuts to State Schools.

The 2014 school resourcing adjustments include maintaining 2013 full-time equivalent (FTE) teacher numbers in 2014, reductions to some education assistant allocations and reductions to some school cash allocations. The maintenance of 2013 teacher FTE numbers in 2014 has resulted in a small increase in average class sizes, however, the average class size remains below those levels prescribed by the *School Education Act Employees (Teachers & Administrators) General Agreement 2011* (refer Attachment 1). Changes to school cash allocations represent less than 1.5% of total school resourcing on average.

To achieve the commitment to maintain average teacher FTE numbers at 2013 levels required changes to staffing formulas including the base allocation and year level weightings for secondary schools. These changes are referred to in the submission from Mr Peter Collins. The information requested in relation to Mr Collins' submission is provided at Attachment 2. Please note that similar information, based on projected enrolments, was provided to the Estimates and Financial Operations Committee on 1 November 2013.

In relation to Mr Collins' comments regarding literacy and numeracy, raising standards in literacy and numeracy is a priority for all public schools. A commitment to literacy development is an essential component of learning areas across the curriculum and is the responsibility of all teachers. Strategies focus on strong school leadership and whole-school engagement, effective and evidence-based teaching of literacy and monitoring of student and school performance to identify where support is needed. A wide range of resources assists schools to improve outcomes in these areas, including online teaching and learning sequences, professional learning, primary and secondary consultants, Teacher Development Schools and specific materials to support improvements in NAPLAN.

With respect to Mr Collins' concerns regarding students with special needs, I would like to confirm that changes to education assistant allocations do not impact students who are eligible for an Education Assistant (Special Needs). All students with a genuine assessed need for an education assistant continue to have access to that support.

Information regarding the six schools identified by the Hon Sue Ellery MLC is provided at Attachment 3.

For each of the six schools, the reduction in cash resourcing is a result of changes to the School Support Program Resource Allocation, some school grant components, the introduction of a long service leave liability levy, the continuation of the 1.5% procurement saving and the cessation of funding for performance management. Supplementary funding has, up until 2014, been provided to schools for the purposes of providing relief to school administrators who participated in performance management meetings. Performance management is now a mainstream process for teachers and other public sector employees.

As you are aware, the Department of Education will be introducing a new student-centred funding model in 2015 that will allocate funding on a child by child basis according to individual student needs, rather than the current system of funding primarily being based on school types, school programs and class structures.

I hope this information is of assistance to the Committee.

Kind regards

Hon Peter Collier MLC
MINISTER FOR EDUCATION

- Data source: February student censuses (System Performance, Department of Education)

Attachment 2

Base Teacher allocations

A tapered base allocation has replaced the fixed allocation of 1.5 FTE per school. A base teacher allocation of 1.2 FTE is provided to schools. Once a school reaches a certain enrolment size, the allocation is phased out through a tapering mechanism. The primary base is 1.2 FTE for up to 550 students. The FTE then tapers off between 550 and 850 students. Schools with 850 and more students receive no base teacher FTE allocation. For schools with secondary students, the base is 1.2 FTE up to 600 students. The FTE then tapers off between 600 and 850 students. Schools with 850 and more students receive no base teacher FTE allocation.

1. The reason these schools have been reduced by more than 1.50 FTE is that their 2013 base allocation was unusually high at 1.73 FTE or 2.50 FTE. The vast majority of schools' 2013 base allocation was 1.50 FTE.

Changes to the multiplier

Changes to the multiplier affected secondary schools only. The year-level stage weights that determine teacher FTE allocations for students in Years 8–12 have been reduced.
