PETITION IN RELATION TO WA'S 600+ LISTED THREATENED SPECIES

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia support proper protection of endangered species that are indigenous to Western Australia.

Your petitioners therefore respectfully request the Legislative Council to inquire into and report on the adequacy of, and any desirable changes to, existing Western Australian government legislation, policies, practices and procedures pertaining to land use and/or land management (including but not limited to land clearing, logging and prescribed burning) insofar as they impact upon, or may impact upon, endangered species that are indigenous to Western Australia.

And your petitioners as in duty bound, will ever pray.
