

I, John Samuel in the State of Western Australia, am the promoter of this petition which contains TWO signatures.

PETITION IN RELATION TO THE BUILDING COMMISSION AND STATE ADMINISTRATIVE TRIBUNAL
To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

The Building Commissioner position and office was established through the Building Services (Complaint Resolution and Administration) Bill 2010 with a view to delivering an effective and efficient dispute resolution process through the provision for orders to remedy unsatisfactory building services in WA.

In the Minister's second reading speech he outlined that the legislation implements key recommendations of two enquiries one of which, the Legislative Council Standing Committee on Legislation, concluding that the Building Disputes Tribunal functions should be transferred to the State Administrative Tribunal.

Your petitioners therefore respectfully request that the Legislative Council investigate whether the transfer of disputes by the Building Commissioner to the State Administrative Tribunal has resulted in disputes being resolved in an impartial, professional, timely and consistent fashion, according to the objectives of the Tribunal.

And your petitions as in duty bound will ever pray.
