MOTIONS

1. **Native Forests** (*Notice given 11 November 2008*)

Continuation of remarks Hon Kim Chance - mins 30 (Wednesday, 13 May 2009) on the motion of Hon Giz Watson as follows -

That in light of the Forest Product Commission's poor financial performance in the native forest sector; the failure of regulation and compliance of native forest logging; the impact of logging on the habitat of vulnerable species; the compelling evidence of native forest ecosystems at risk of irreparable damage; and the compounding impact of climate change, this House calls on the Government to -

- (1) Set in place a full transition to plantation and farm forestry for the production of commodity timber products currently derived from native forests.
- (2) Immediately develop an exit strategy for the native forest commodity timber industry.
- (3) Put in place an independently refereed, scientifically based program to restore the ecological integrity of native forests which underpins the delivery of clean air, clean water, carbon sequestration, biodiversity and natural heritage values of the South West region.

2. **Select Committee into the Iron Ore Industry of Western Australia - Establishment** (*Notice given 11 November 2008*)

Hon Anthony Fels: To move -

- (1) A select committee of three members is appointed, any two of whom constitute a quorum.
- (2) The committee is to inquire into and report on -
 - (a) the content and terms of the iron ore policy including and in relation to -
 - (i) the allocation and grant of iron ore tenure;
 - (ii) the grant of certificates of exemption under section 102A of the *Mining Act 1978 (WA)*;
 - (iii) the grant of extensions of term under section 61(2) of the *Mining Act 1978 (WA)* in respect of exploration licences which are authorised for iron ore under section 111 of the *Mining Act 1978 (WA)*; and
 - (iv) the basis upon which exploration licences authorised for iron ore under section 111 of the *Mining Act 1978 (WA)* have been permitted to be utilised as holding titles;

The business listed for today's sitting and sequence in which it is to be considered may be altered by the House without notice. Members and other persons are advised to check the status of an item in which they have an interest in the course of today's sitting. - (b) the relationship between the iron ore policy and the use of state agreements to facilitate the development of iron ore projects;
 - (c) the extent to which the iron ore policy has been the subject of review and variation including by the Department of Industry and Resources;
 - (d) whether the existence and terms of the iron ore policy have been adequately disclosed, including to new entrants and potential new entrants into the iron ore industry;
 - (e) the current operation of the iron ore policy including -
 - (i) the impact of the iron ore policy upon -
 - (A) investment in iron ore exploration in the State; and
 - (B) iron ore royalties and other revenues received by the State (in relation to both quantum and time of receipt);
 - (ii) whether the iron ore policy is anti-competitive in the current market in that it prevents the turn-over of ground and thereby -
 - (A) preserves the market power of existing members of the iron ore industry; and
 - (B) operates as a barrier to entry to new entrants into the market;
 - (f) whether the original rationale for the iron ore policy remains applicable today;
 - (g) whether there is still any need to treat iron ore differently to other mineral commodities under the *Mining Act 1978 (WA)*; and
 - (h) whether it is still necessary and appropriate to use government agreements to facilitate the development of iron ore resources or whether the *Mining Act 1978 (WA)* provides an adequate and appropriate vehicle.
- (3) The committee is to report to the House no later than 12 March 2009.

3. Water Catchments - South West Recovery Program (*Notice given 11 November 2008*)

Hon Paul Llewellyn: To move -

That in the light of the declining rainfall and catastrophic decline in surface water inflow to our dams, and the impact of salinity on our South West water catchments this House calls on the government to implement as a matter of priority a comprehensive upper catchment recovery program based on farm forestry that aims to restore water and salt balance in the six key water catchments in the region.
