24. Hon Giz Watson to the Minister for Energy

I refer to the special 'turtle-friendly lights' installed at Cemetery Beach Park in Port Hedland in mid 2007 by Horizon Power. Their placement resulted from a decision by the Pilbara Development Commission (PDC) Enhancement Scheme to develop the park and was funded by State Government & BHP Billiton. Their inclusion in the park project emanated from an appeal against the EPA's lack of assessment of the Cemetery Beach and Civic Centre Redevelopment proposals. As the turtle breeding season is occurring now, and as these lights are not in operation, there is concern that there will be a negative impact on the turtles and hatchlings, and I ask -

- (1) Who is responsible for the management of this lighting system?
- (2) Who is responsible for the maintenance of the lighting system?
- (3) Were the lights tested and operating prior to the turtle breeding season commencing?
- (4) What procedures are in place to prevent the normal park lighting disorientating hatchlings and returning turtles at this time?
- (5) Will the 'turtle-friendly' lights be put in working order immediately?
- (6) If no to (5), why not?
