**Questions listed for this sitting: -**

7668. Mr W.J. Johnston to the Minister representing the Minister for Energy

Further to Question on Notice 7191, relating to Western Power Christmas functions, I ask:

- (a) where did the Western Power board hold its 2011 Christmas function;
- (b) if Western Power did not pay for or subsidise the function, who or what entity did;
- (c) does Western Power's corporate policy set expenditure limits on Christmas functions, and if yes, will the Minister table the corporate policy?
- (d) were any internal memoranda or guidelines issued in 2011 to Western Power staff about the application of the corporate policy or to exercise restraint with regard to Christmas functions, and will the Minister table those memoranda or guidelines;
- (e) following the publicity in December 2011 surrounding Western Power executives accruing a \$2,300 bill at Must Winebar's private Champagne Room, did the Minister exercise his powers to give written direction to the corporation about the exercise of restraint, and if not, why not; and

- (f) if the Minister did provide such written direction, will he table it?

7669. Mr W.J. Johnston to the Minister representing the Minister for Energy

I refer to the answer to Question on Notice 7191 relating to Western Power's expenditure on Christmas staff functions, and ask for each function per division outlined in the Minister's response:

- (a) how many persons attended each divisional Christmas function;
- (b) how many of these attendees were employees;
- (c) how many of these attendees were management;
- (d) how many of these attendees were board members;
- (e) how many of these attendees were contractors;
- (f) how many of the attendees were other guests;
- (g) if other guests attended, how many were not family members of Western Power employees and, if they were not family members, what reason did these people have in attending the function; and
- (h) what is the specific breakdown of expenditure by each division on Christmas functions?

7670. Mr W.J. Johnston to the Minister representing the Minister for Energy

Did the Minister attend the board or staff Christmas functions of Western Power, Synergy, Verve Energy or Horizon Power last year, and if yes, which specific events did the Minister attend and was the Minister accompanied by any member of his Ministerial staff or any personal guests and, if so, who accompanied the Minister?

7671. Mr W.J. Johnston to the Minister representing the Minister for Energy

Are any wooden poles delivered from Western Poles Company (Picton, Keysbrook or Dwellingup) to depots or storage locations in Perth, and if so, are any of these poles subsequently transhipped to South West locations?

7672. Mr W.J. Johnston to the Minister representing the Minister for Energy

With reference to the decision to increase the base pay and superannuation entitlements of Western Power executives in lieu of performance bonuses, will the Minister explain why neither he nor the board informed the Western Australian public of the decision between June 2011 and its revelation by the Opposition in August 2011, and will the Minister table the advice he received from the Chairman of Western Power on 22 June 2011?

7673. Mr W.J. Johnston to the Minister representing the Minister for Energy

- (1) With reference to the answer to Question on Notice 7172, and the Minister's claim that there are consequences for Western Power employees who do not achieve the outcomes of their performance agreements, for each of the financial years 2008–09; 2009–10; 2010–11 and 1 July 2011 to date, how many members of the Western Power's extended leadership or management team have been subjected to:
  - (a) performance improvement plans;
  - (b) redeployment to a more appropriate role; and
  - (c) termination?
- (2) Given the findings of the Legislative Council Public Administration Committee's report into Western Power's asset management, released earlier this year, what consequences have been determined for those members of the extended leadership or management team who bear responsibility for the systemic failures identified in the report?

7674. Mr P.C. Tinley to the Minister for Planning

I refer to the City of Stirling's proposed amendments 540 and 541 to its District Planning Scheme Two forwarded to the Western Australia Planning Commission in May 2009 for final approval, and ask:

- (a) for what reason did the Minister reject these amendments that had been through significant local area planning and consultation by the City;
- (b) how many extra dwellings would each amendment potentially yield;
- (c) what has the Minister done since these amendments were rejected to ensure that both these proposals, which were supported by the local community, proceed; and
- (d) since September 2008, how many other proposals to increase residential zoning in the metropolitan area have been rejected by the Minister, and where were they?
