Continuation of remarks Hon Sally Talbot (Thursday, 7 May 2009) on the motion of Hon Giz Watson as follows -

That in light of the Forest Product Commission's poor financial performance in the native forest sector; the failure of regulation and compliance of native forest logging; the impact of logging on the habitat of vulnerable species; the compelling evidence of native forest ecosystems at risk of irreparable damage; and the compounding impact of climate change, this House calls on the Government to -

- (1) Set in place a full transition to plantation and farm forestry for the production of commodity timber products currently derived from native forests.
- (2) Immediately develop an exit strategy for the native forest commodity timber industry.
- (3) Put in place an independently refereed, scientifically based program to restore the ecological integrity of native forests which underpins the delivery of clean air, clean water, carbon sequestration, biodiversity and natural heritage values of the South West region.

 - (A) investment in iron ore exploration in the State; and
 - (B) iron ore royalties and other revenues received by the State (in relation to both quantum and time of receipt);
 - (ii) whether the iron ore policy is anti-competitive in the current market in that it prevents the turn-over of ground and thereby -

 - (B) operates as a barrier to entry to new entrants into the market;
 - (f) whether the original rationale for the iron ore policy remains applicable today;
 - (g) whether there is still any need to treat iron ore differently to other mineral commodities under the *Mining Act 1978 (WA)*; and

3. Water Catchments - South West Recovery Program (Notice given 11 November 2008)

Hon Paul Llewellyn: To move -

That in the light of the declining rainfall and catastrophic decline in surface water inflow to our dams, and the impact of salinity on our South West water catchments this House calls on the government to implement as a matter of priority a comprehensive upper catchment recovery program based on farm forestry that aims to restore water and salt balance in the six key water catchments in the region.

4. Appropriate Resourcing for Western Australian Not-for-Profit Sector (*Notice given* 3 December 2008)

6. Kimberley Liquefied Natural Gas Precinct (Notice given 18 March 2009)

Hon Jon Ford: To move -

(1) That this House expresses its concern at the comments made by the Premier to the Committee for Economic Development Australia Conference on Tuesday, 3 March 2009 in which he referred to a proposed LNG precinct to the north of Broome and stated -

> "...we are proceeding in developing an LNG precinct to the north of Broome. That's not the spectacular part of the Kimberley coast, it's flat tableland, no people living within probably 30 or 40 kilometres of the area.That's important, we're trying to do that by negotiation, the timetable is the end of this month. If we can't do it by negotiation, the State will resume the land. I'll do that reluctantly, but we will do it. We will not hold up economic development and we will not deny the people of the Kimberley – and particularly the Aboriginal people – the opportunity from some economic independence and some economic security."

- (2) This House calls on the Premier to -
 - (a) explain how he can claim to be negotiating in good faith when he put on public record that if he doesn't get a negotiated outcome he will resume the land to develop an LNG precinct to the north of Broome; and
 - (b) explain why he is presenting a veiled threat to indigenous people in respect of this matter and whether this is a sign of things to come.

Hon Ljiljanna Ravlich: To move -

That this House condemns the Premier for failing to honour his election commitment to review the manner in which Departments are administering the Freedom of Information (FOI) process, to ensure that the Government is accountable and open in accordance with the spirit of the FOI Act and calls on the Premier to explain why he has allowed a culture of arrogance, secrecy and of deliberately keeping information from the public to develop among his Cabinet Ministers when dealing with FOI requests.

Hon Sally Talbot: To move -

- (2) That this House also calls on the Minister for Environment to explain why, since environmental approval was given by her for Magellan Metals to transport containerised lead carbonate through suburbs to the Fremantle Port, so little has been revealed to the thousands of families living in and around suburbs along the proposed transport route.

9. Lobbyists Register (Notice given 18 March 2009)

Hon Ljiljanna Ravlich: To move -

- (1) That this House condemns the Premier as Minister for Public Sector Management for wasting taxpayers' money in creating new government agencies, boards, committees and taskforces, at the same time as asking agencies to find savings of three percent resulting in the cuts to front-line services in health, education and law and order.
- (2) That this House calls on the Premier to explain why a three percent savings target is not a "big ask" for government agencies, as he stated to the recent Committee for Economic Development Australia conference, given that the 2009-2010 mid-year review projected no savings and an expense growth of 13%.

Hon Ljiljanna Ravlich: To move -

- (a) why he is hiring consultants to promote the Liberal Party at a time when he is cutting staff in crucial areas such as health, education, and law and order;
- (b) why he is hiring consultants at the same time as the Treasurer announced cuts to Government spending on both marketing and media and the use of consultants in the Mid-Year Review in December;

- (c) why Coulter Consulting has been engaged using a tender on a three month \$25,344 contract, with the Government having an option to keep extending the contract until April 2010, given that the Government recently appointed, as Head of the Government Media Office (GMO), Mr Paul Plowman; and
