Questions listed for this sitting: -

8871. Mr P.C. Tinley to the Minister for Planning

I refer to the Minister's answer to Question on Notice No. 8544 concerning the City of Fremantle's Taylors College development, and I ask:

- (a) does the tabled paper include the floor levels of the existing, abutting lots;
- (b) is the Minister aware that the experience of residents in these adjoining lots who were only expecting a 1.8 metre high wall, as indicated in the structure plan, is that they were not considered by the City of Fremantle when the decision was made to raise the level of the land by about 2 metres;
- (c) under the Local Planning Scheme, in considering the application submitted by the developer, was the City of Fremantle required to have regard to such matters as: the aims of the Local Planning Scheme; the structure plan; the preservation of the amenity of the locality; the extent to which the natural contours of the land are altered by filling and excavation; the likely effect of the height, bulk and scale of the development on adjoining lots; the height, position, form and materials of fences and walls; the probable effect on traffic flow and safety; as well as any other planning consideration, such as variations that have been made to previously approved plans;
- (d) is the Minister aware that the Local Planning Scheme requires that the proposed structure plan conforms with the Local Planning Scheme when advertised;

- (e) is advertising a proposed structure plan which conforms with the requirements of the Scheme (so that people who are likely to be affected can form a view and have their view properly considered by the local government) a separate but necessary process that must be observed to any subsequent decisions about the adoption of the structure plan, subdivision and development; and
- (f) is the Minister failing to observe the Local Planning Scheme when representations are made under section 211 of the *Planning and Development Act 2005* by people aggrieved by the failure of the local government to advertise a proposed structure plan which conforms with the requirements of the Scheme?

8872. Ms M.M. Quirk to the Minister for Environment

I refer to the Minister's response to Question on Notice No. 8753, and I ask, given that no substantive response was provided, has the Minister notified the Auditor-General that he has declined to provide an answer to the question in accordance with section 82 of the *Financial Management Act 2006*?

PETER J. McHUGH
CLERK OF THE LEGISLATIVE ASSEMBLY
