Dear Mr President

I wish to you inform of you of an amendment to page 31 of the 2010/2011 Department of Corrective Services Annual Report, which should read as:

*The drivers behind the recent stabilisation of the prisoner population include:*

»» 6% reduction in the number of prisoners who were in custody on offences or charges emanating from the Lower Courts. There were fewer prisoners incarcerated, either under sentence or on remand, for violent, driving/ motor/traffic related and burglary offences

»» 9% reduction in prisoners with parole cancelled / suspended / deferred / denied / refused.

Your assistance in providing this information to the House at your earliest convenience would be greatly appreciated.

Yours sincerely
