Southern River	3	-

(d and k) Swan Hills and Darling Range are not suburbs therefore information has not been provided. Should the member request information on a particular zone, the Department of Communities may be able to provide further advice.

(2) The Department of Communities social housing (which includes both public housing and community housing) stock reporting data does not align with electoral boundaries and is reported on the Department of Communities' zones. The below figures provide a breakdown of all public housing stock in each suburb listed in the question according to the Department of Communities' zones. Figures as at 31 March 2019.

As community housing properties are leased to community housing organisations and then externally managed, the Department of Communities is unable to provide data relating to current community housing vacancies.

The suburb of (a) Mount Lawley falls under the North City Zone – 138 public housing

Suburb	Public housing
Churchlands	-
