1. FOREWORD AND DIRECTOR GENERAL'S MESSAGE

The court security and custodial services provided under the CBD Courts Project Contract include services provided at both the District Court Building and the Central Law Courts. These two sites represent the bulk of court security and court custodial workload in the Perth metropolitan area. These services are part of a broader range of services provided by Western Liberty Group to the Department of Justice as part of the CBD Courts Project Contract Public Private Partnership.

The CBD Courts Project Contract was a unique model for the procurement and provision of court security and custodial services for the State of Western Australia through the amalgamation of service provision with the design, construction, maintenance and operation of the facilities in which the services are provided. To date, the project has resulted in the provision of high quality court security and custodial services in the District Court Building and Central Law Courts Building.

The provision of services under the Public Private Partnership has now been operating for eleven years. I am pleased to report Western Liberty Group continued to provide a high level of security and custodial services in the District Court and the Magistrates Court of Western Australia at Perth during the 2018/19 reporting period. This high level of service has been achieved through a very positive, strong and longstanding working relationship, and the continued monitoring of detailed performance linked indicators that provide comprehensive coverage of the standard of services to be provided by the contractor.

The high level of service delivered and the strong ongoing relationship building between the State and Western Liberty Group stands the partnership in good stead for continued success into the remaining years of the contract.

Dr Adam Tomison
Director General
DEPARTMENT OF JUSTICE

2. EXECUTIVE SUMMARY

The provision of services under the CBD Courts Project Contract commenced on 3 June 2008. The 2018/19 year was the eleventh year of full operation under the Services Agreement with Western Liberty Group for the provision of court security and custodial services at the District Court Building and the Central Law Courts.

The Principal of the Services Agreement under the contract pursuant to section 20(1) of the *Court Security and Custodial Services Act 1999* (the Act) is the Director General, Department of Justice (DoJ).

In managing the Services Agreement, the Department actively monitored, managed and reported on Western Liberty Group's performance during 2018/19. The Department met and communicated with Western Liberty Group on a regular basis to deal with contractual and operational issues. Executive and strategic oversight was provided by the CBD Courts Project Management Board in accordance with the established governance arrangements for the contract.

In the eleventh year of service provision Western Liberty Group has performed very well again and provided a high level of court security and custodial services in the District Court Building and Central Law Courts. This view was shared by a number of stakeholders.

3. BACKGROUND

In June 2005, the State entered into a 27 year Public Private Partnership with Western Liberty Group for the provision of facilities and services associated with the operation of courts in the Perth Central Business District (CBD). This initiative is referred to as the CBD Courts Project. The contract with Western Liberty Group is comprised of two major and separate components, namely the Facilities Agreement and the Services Agreement.

The Facilities Agreement requires Western Liberty Group to design, construct and maintain the following:

- District Court Building and pedestrian tunnel under Hay Street to the Central Law Courts (Stage 1);
- Custodial areas of the Central Law Courts (Stage 2); and
- Security systems in the Central Law Courts (Stage 3).

Construction of the District Court Building and the Central Law Courts custodial area was completed during 2008. Construction of the Central Law Courts security systems was completed in April 2010.

The Services Agreement requires Western Liberty Group to provide the following services:

- Custody services within the District Court and Central Law Courts;
- User management and court security services within the District Court and Central Law Courts;
- Court recording and transcription services and court booking services within the District Court Building only; and
- Hard and soft facility management services for the District Court Building and Central Law Courts custodial area and security systems.

Services provision under the Services Agreement began on 3 June 2008 following completion of the District Court Building. Performance of the court security and custodial services is subject to the requirements of the Act and is subcontracted to G4S Custodial Services Pty Ltd (G4S). While G4S perform the services, the State's contract is with Western Liberty Group Pty Ltd. This is reflected in this report through reference to Western Liberty Group in the main, with such references to be read as including G4S.

This report is submitted in accordance with Section 45 of the Act for the period 1 July 2018 to 30 June 2019.

4. ACHIEVEMENTS AND ACTIVITIES

A. Contract Governance

The governance arrangements for the Services Agreement consist of a committee structure as specified under the Services Agreement, management delegations from the Principal of the Services Agreement and documented roles and responsibilities for individual executive and management positions within the Department.

The committee structure is outlined below.

Title	Chairperson	Focus
Management Board	Executive Director Court & Tribunal Services (DoJ)	Contract strategic direction, governance and performance (meets biannually)
Management User Group	Judge of the District Court	Operational service delivery requirements and standards (meets quarterly)
Working Committee	CBD Courts Project Contract Administrator (DoJ)	Contract management and service provision (meets quarterly)

The Principal of the Services Agreement is the Director General of the Department of Justice. Contract management responsibilities have been delegated to the Executive Director, Court and Tribunal Services of the Department of Justice, pursuant to section 20(1) of the Act.

B. Contract Management

Contract management associated with the Services Agreement was undertaken by the Court and Tribunal Services division of the Department. The Contract Management Team in that division actively monitors, manages and reports Western Liberty Group's performance at the contractual level while also endeavouring to foster a long term cooperative relationship. This is to ensure the partnership is a success for both the State and Western Liberty Group. Members of the team meet and/or communicate with Western Liberty Group on a daily basis to deal with contractual and operational issues as they arise and develop strategies for service improvement.

The Department has developed a comprehensive contract management plan to assist with the management of the contract. The core processes addressed by the contract management plan and associated working documents relate to:

- performance reporting and monitoring;
- relationship management, dispute resolution and issue management;
- governance, probity and compliance;
- knowledge and information management;
- change management;
- contingency planning; and
- ongoing review.

In undertaking specific monitoring of the services provided under the Act, the contract management team uses information from a range of sources. These include:

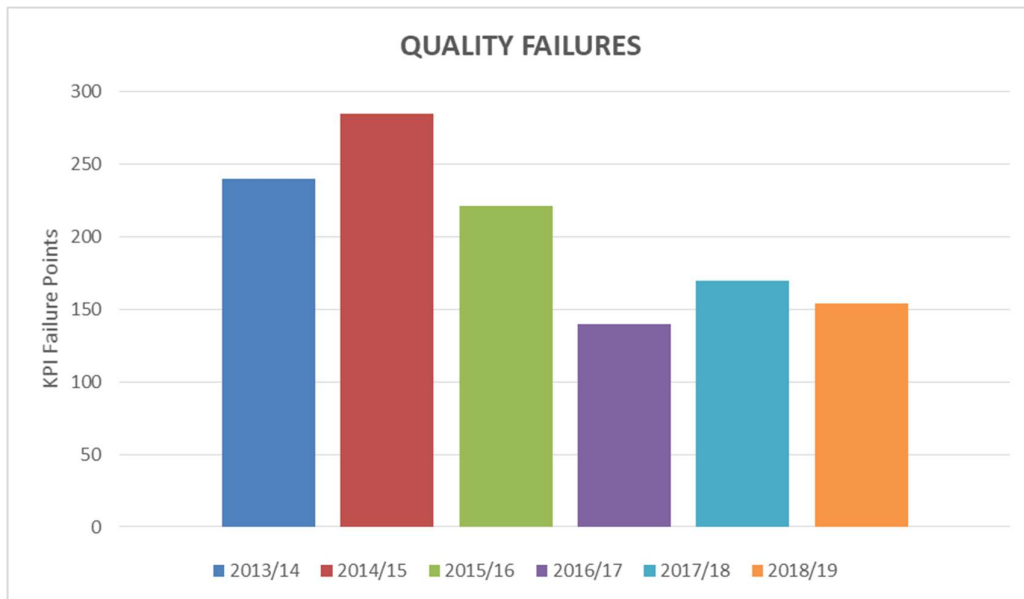

- reviewing data on custody hours, movements and incidents from the Custodial Services Support System;
- self-reported information on incidents and operations from Western Liberty Group and G4S;
- reporting from various stakeholders on service provision; and
- direct observations made by the contract management team and Courts Risk Assessment Directorate staff.

This information forms the basis for regular discussions on service delivery issues with Western Liberty Group. This information is also used by the contract management team in the assessment and application of contractual abatements.

C. Contractor Performance

In the eleventh year of service provision Western Liberty Group continued to perform well and provided court security and custodial services to the State that met the requirements of the contract. The performance is largely attributable to the excellent working relationship between the State and Western Liberty Group. There is also a similar working relationship between Western Liberty Group's sub-contractor, G4S, and the State. The contractor also has a very good understanding of the State's business (i.e. court operations) in both buildings which helps the contractor deliver the expected standard of services.

Performance against the Key Performance Indicators (KPI) has improved slightly on an overall basis from the previous years. This is evidenced by a decrease in the total number of contractual KPI failure points incurred by Western Liberty Group in delivering all of its services under the contract (which include court security and custodial services) over the last year. A comparison of performance in the 2013/14, 2014/15, 2015/16, 2016/17 and 2017/18 reporting periods against 2018/19 is provided in the following graph.

It should be noted the application of abatements in itself should not be solely relied upon to measure Western Liberty Group's overall performance and that it is an indication of areas where improvement is required in services delivered in 2018/19 delivery. In that respect, there were some performance/service delivery issues with failure to provide gallery guards and follow policies and procedures on a number of occasions; prevent an unauthorised article passing through the primary security checkpoint; and allowing an attempted escape with the person being apprehended before leaving the building.

Considering the volume of persons frequenting the court buildings and in custody being managed during the reported year, on the whole Western Liberty Group continued to provide a high level of court security and custodial services in the District Court Building and Central Law Courts during the reporting year.

D. Reviews

The Office of the Inspector of Custodial Services (OICS) delivered its report on the inspection of the Central Law Courts Building and District Court Building custody centres conducted in June 2018. The OICS report stated that the inspection found that Western Liberty Group and its sub-contractor, G4S, continued to provide court security and custodial services in accordance with the CBD Courts Contract. Further OICS stated that G4S staff at both the District Court Building and Central Law Courts Building treated persons in custody with respect and showed concern for their well-being.

E. Contract Variations

There were no contract variations during the reporting period.

F. Contractual Disputes and Payment Issues

The Contract Management Team and Western Liberty Group worked cooperatively to resolve all payment issues without referring them to arbitration. There was no contractual dispute regarding payment for court security and custodial services delivered in 2018/19.

5. CONTRACT COMPLIANCE

A. Key Performance Indicators and Abatements

The contractor is required to meet certain KPIs in the provision of services and is required to monitor and report its performance on a daily and monthly basis. The contract management team also conducts targeted monitoring to verify the contractors self-reporting in this regard. There is also a reliance on various stakeholders to report service failures to the contract management team.

Failure to meet KPI standards can result in payment abatements being imposed against Western Liberty Group with the value of the abatements determined through the application of specified formulae contained in the Services Agreement. In determining the extent to which abatements would be enforced, consideration was given to the impact on court operations, the level of operational risk involved and the need to provide a commercial incentive for Western Liberty Group to improve performance. This meant abatements were not applied to a considerable number of non-critical service failures in recognition of the need to balance punitive actions with relationship management and building given the longevity of the contract.

The following table provides a summary of KPI failures and associated abatements applied in 2018/19.

Service Failures against Court Security and Custodial Service KPI

Total Abatements invoiced 2018/19		61	\$ 52,984.37

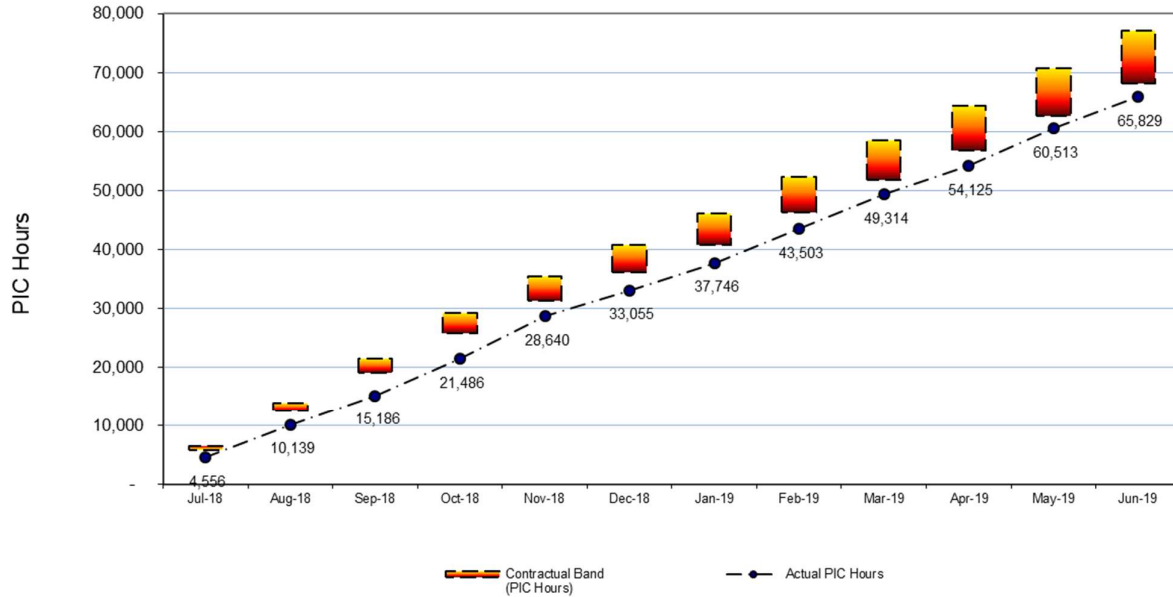

Note: In the above table the abatement dollars are calculated based on the total quality failure points applied. However, in accordance with the contract when determining the final abatements charged for each month, 10 quality failure points are subtracted (i.e. deemed to be "free points" under the contract). Therefore, the total points abated do not correspond with the amounts abated as detailed above.

B. Service Provision

Service demand and payment for the custodial services component of the contract is based on a fixed annual price for an anticipated band of court custody hours, with allowance for adjustment on an hourly rate basis should the actual custody hours fall outside of the set band. The band was established based on court custody data analysis and modelling performed in 2004 as part of the planning for the CBD Courts Project.

The actual custody hours of 65,829 was below the lower band limit of 68,110 for the reporting period. The average court custody duration was 4.61 hours per person compared with 4.53 hours per person in the previous period and the 2004 model average of 5.4 hours per person.

Cumulative Actual PIC Hours v Contractual PIC Hour Band

Payment for the court security component of the contract is based on a fixed annual price for base building security and user management services plus a volume based adjustment for variable demand services such as gallery guards and court orderlies. Approximately 95% of the court security and custodial services received under the contract are subject to a fixed annual payment irrespective of the resources engaged by Western Liberty Group to provide the services.

Apart from the variable volume based costs for gallery guards and court orderlies the Department does not actively monitor or verify the resource hours utilised by Western Liberty Group. However, Western Liberty Group does provide this data on a monthly basis and it is presented below for general information purposes in the broader context of court security and custodial services provided to the State.

Service Delivery Resource Hours Reported by Western Liberty Group

Activity	Resource Hours*
User Management and Court Security Services	104,954
Custodial Services	98,573
Total	203,527

* Figures not verified and not to be taken as an indicator of service demand or cost. Figures are for the period 1 July 2018 to 30 June 2019.

C. Cost of Service

6. MAJOR CHALLENGES FOR 2019/20

There are no major challenges envisaged for the provision of security and custodial services in the ensuing year.
