

OUR Dan Statement of Corporate Intent 2023/24

Vision

Our vision is to fully harness the value of "where" to power a thriving Western Australia.

Purpose

Landgate supports the sustainable economic, social and environmental management and development of land in Western Australia by securing land interests, valuing property and providing and promoting the use of location information and services.

Values

- Commit and act. We do what we say we will do. We take personal responsibility.
- **Dynamic and engaged.** We are passionate, proud and enthusiastic. We make it easy to do business with us.
- Innovate and achieve. We think about tomorrow in what we do today. We celebrate success.
- Honest and true. We are supportive and respectful. We communicate openly.

Culture

Through agreed behaviours, Landgate nurtures a culture that strives for a shared **purpose**, values **learning**, and is focused on delivering **results**.

We perform our functions under the *Land Information Authority Act 2006* and act in a cost-effective manner, in accordance with prudent commercial principles.

We deliver value to the State through three core functions:

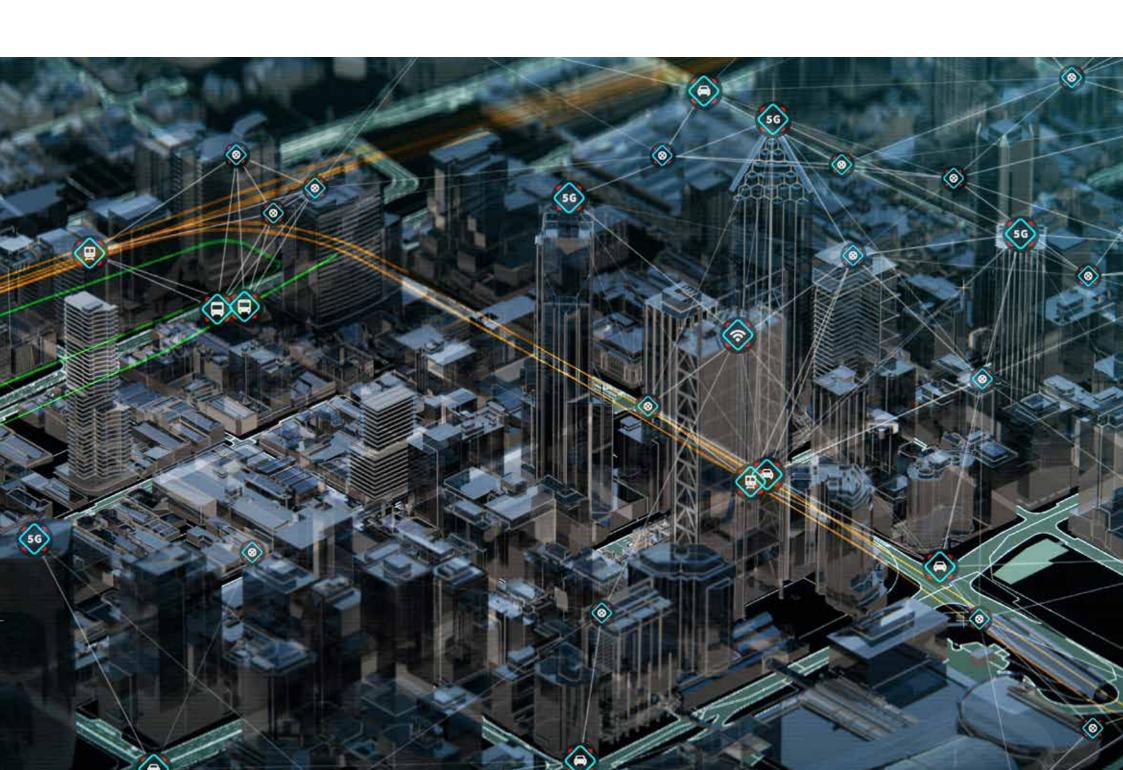

We help people locate their place in the world

We secure interests in property

We value homes and investments

OUR strategic themes

Our strategic themes outline what we will do.

The objectives within them determine what success will look like.

Contribute to a strong and sustainable WA economy

- Efficient and effective delivery of our services underpins the development and economic growth of the state.
- An advanced spatial digital twin enables a connected digital government to provide better services for the WA community.

Meet evolving customer & community needs

- 1. Drive to modernise legislation meets future societal expectations.
- 2. Services and data meet customer needs and security expectations, enable collaboration and drive innovation.
- 3. Partnerships provide the capability and agility to deliver the products and services our customers want.
- 4. Products, services and actions contribute to the ethical, environmental, social and governance outcomes of our customers and community.

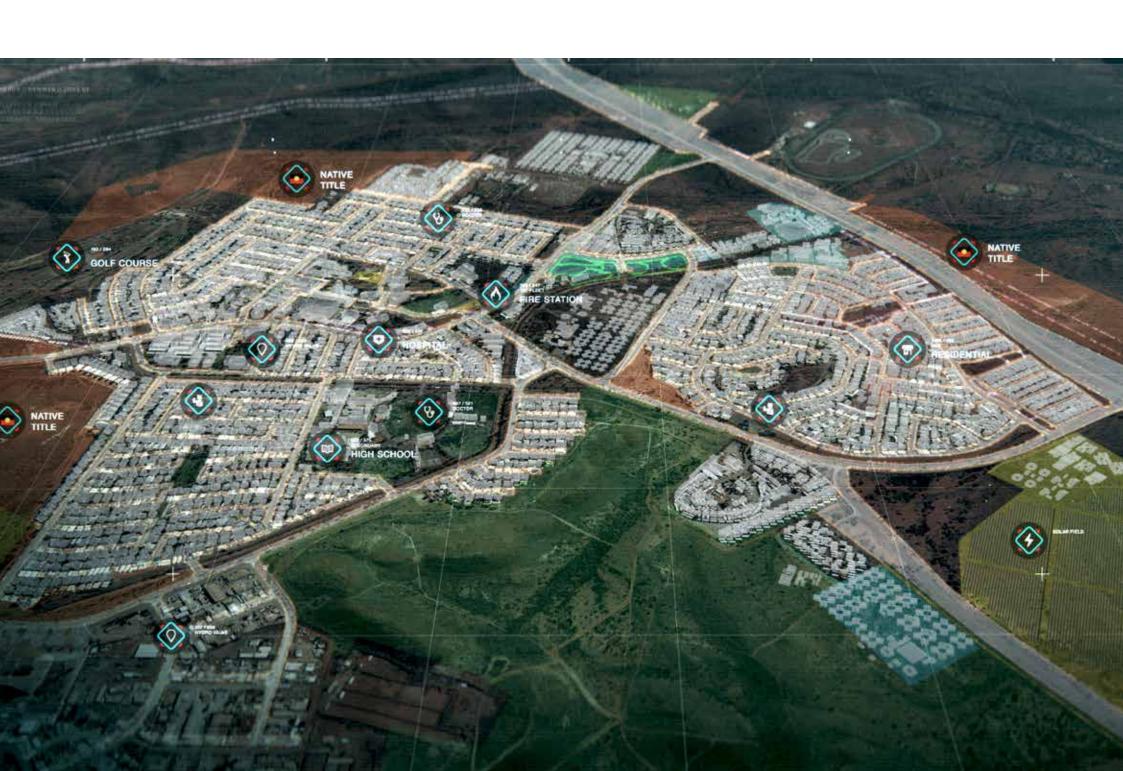

Drive outcomes in the interest of WA

- 1. Leadership promotes the use of digital location information across sectors to improve community and industry outcomes.
- 2. Involvement in industry forums contributes to the development of national strategies, standards and practices.

Optimise the potential of our business

- 1. Digital transformation drives innovative ways of working and delivers the value of 'where'.
- 2. Potential is optimised through high performing people, culture, partnerships and technology.

Location Services initiatives

Initiative		Achievements by 30 June 2024
	Deliver location information and services effectively and efficiently	 The extent to which the currency and relevance of the Land Information Databases meet the needs of the Western Australian community: Completion rate of names and addressing jobs delivered within 10 business days (target 85%). Completion rate of property boundary related jobs within the agreed benchmarks (target 97.2%). Imagery systems availability supporting the State's mapping, monitoring and predicting of bushfires (target 99%). Overall satisfaction with the capture of, discovery of and access to government location information (target 80%). Average cost of providing land information and services for the State (per square km) (target \$18.90). Access to the State's location information: Average cost per dataset (target \$1,247.84).
(§)	Promote the use of location data and technology to progress improved data capture, sharing and collaboration	 Program delivered to promote the use of location data through sponsorship, data supply and partnerships. WALIS Community events facilitated and Capture WA program delivered to ensure optimal spend of \$2m budget.
	Modernise foundation spatial data and systems	 Development of a Project Definition Plan for Spatial WA Program. Planning undertaken to be market ready for Spatial WA procurements. Delivery of the asset investment plan for: Geodetic survey marks register & Geodetic online access application Addressing database Geographic names database Topographic geodatabase Aerial Imagery Processing.
(§)	Collaborate in national forums to progress the harmonisation of location services standards, strategies and data sharing practices	 Landgate proactively contributes to national discussions and provides in-kind contributions to specific projects. ANZLIC Strategic Plan roadmap status presented at WALIS Council and Community to ensure key stakeholders are consulted on national initiatives.
	Progress a strategic review of the earth observation reception capability	Strategic options paper delivered for 2030 onwards for robust, reliable access to earth observation data.

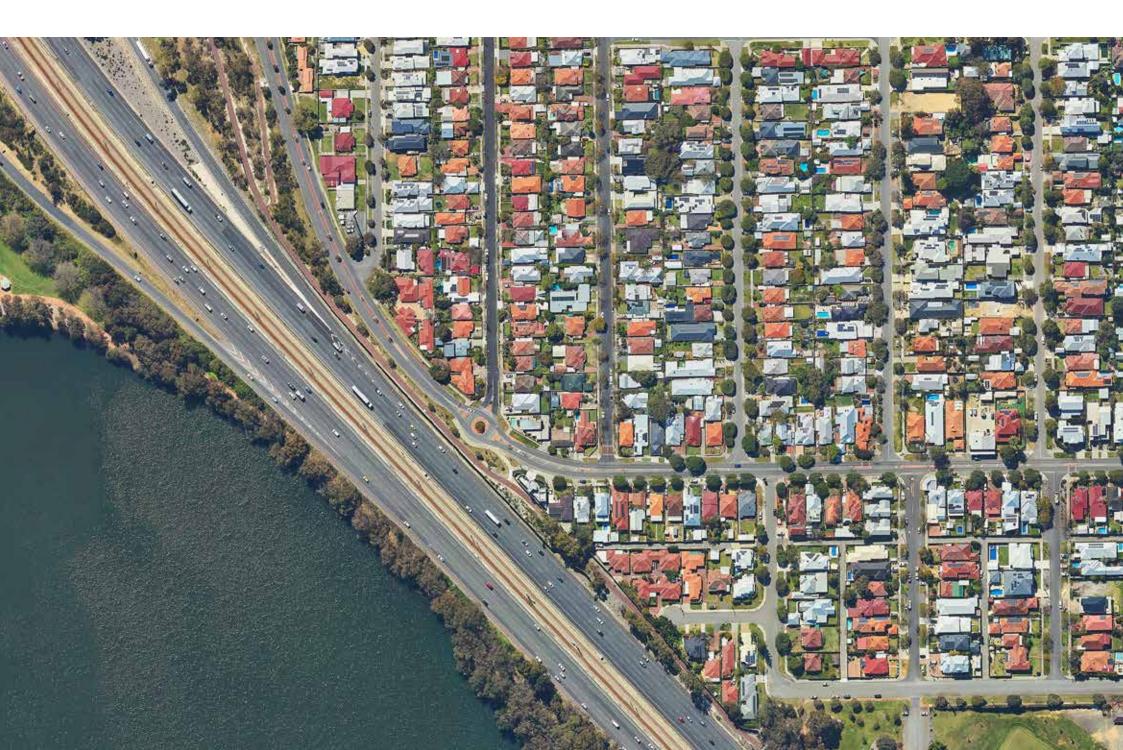

Registration Services initiatives

Initiative		Achievements by 30 June 2024			
	Deliver land titling services accurately and efficiently	e land titles register is updated and maintained in a timely and accurate manner: ➤ Simple and correct documents are registered within two working days of lodgement (target 80%). ➤ The number of adjusted Certificates of Title arising from identified errors as a percentage of the to the land titles register (target ≤0.25%). Erage cost of maintaining land tenure information, certainty of ownership and other interests in land, per Certaget \$22.73).			
®	Continued automation of land registry processes	dates to national e-conveyancing data standards and residual documents implemented. Der Duplicate Certificates of Title abolished. Ctronic notices for caveators and lodging parties implemented.			
**	Progress the adoption of the Electronic Conveyancing National Law (ECNL) as WA Law and repeal the <i>Electronic Conveyancing Act 2014</i>	has joined national legal scheme for e-conveyancing.			
®	Commence development of digital plan lodgement requirements	keholder consultation and regulation changes to enable digital plan lodgement drafted.			
®	Drive legislative reform to progress towards a fully digital property market	gislation enabling digital mortgage and deeds legislation introduced into Parliament.			
િં	Collaborate in national forums to progress the harmonisation of land titling services, standards, strategies and data sharing practices	ntribute at national forums (Australian Registrar's National ECC, ARWG) to introduce: Competition in the electronic conveyancing market. A national compliance assurance system and supporting processes for registrations operations.			

Valuation Services initiatives

Initiative		Achievements by 30 June 2024
	Deliver valuation services effectively and efficiently	 International standards for accuracy and uniformity of rating and taxing values are met: Benchmark against international standards for accuracy using Median Ratio Test: Gross Rental Value (target >92.5%) Unimproved Value (target >92.5%) Coefficient of dispersion to check uniformity of values: Gross Rental Value (target <7%) Unimproved Value (target <15%) Adjustments of rating and taxing values as a result of Objections and Appeals as a percentage of total values in force (target <2%). Average cost per valuation (Target \$17.44).
	Implement a new valuation system	Valsys replaced with a modern valuation system.
	Upskill the workforce to ensure efficient service delivery	 Staff trained to use the new system. An upskilling program for new and emerging complex valuation work developed. Explore an entry level employment program in partnership with industry and tertiary institutions to create pathways for valuers with future focused skills.
	Improve the collection, maintenance, management and use of valuation data	Modern interfaces developed to external data suppliers to share data between agency systems.

Corporate initiatives

Initiative		Achievements by 30 June 2024
®	Implement recommendations from the Land Information Authority Act 2006 review	The implementation plan for the LIA review recommendations progressed.
	Progress our diversity commitments to build an agency that is a leader in reconciliation and inclusion initiatives	 Action items from Corporate Diversity Plans implemented. The next iteration of our Reconciliation Action Plan and Multicultural Action Plan drafted.
	Position our workforce and workplace to meet our future needs	 Options in our employment framework to further implement agile working arrangements explored. Position Landgate as an employer of choice progressed. The transition to the refurbished Midland building accommodation and the move to activity-based working progressed.
	Advance our ICT environment	 Phase 1 of the IT Roadmap 2023-28 commenced. Implementation of the Cyber Strategy progressed. Initiatives supporting the Information Classification Policy implemented.
	Transition to a future state ICT service provision	 Transition to new service provision arrangements progressed in line with project plan. Internal capability for delivery of ICT and contract management built. Advara managed contracts substantially novated to Landgate.
	Develop a contemporary corporate cost model	Changes to financial policies, systems and processes finalised and implemented.
	Implement the product strategy and expand partnership opportunities	The recommendations from the product strategy including progression of existing and new partnership models implemented.
6	Define Landgate's role in progressing the State's ESG outcome	An ESG strategy that maximises the value of Landgate data to benefit the State's ESG initiatives developed.

This document represents the Statement of Corporate Intent (SCI) prepared by the Western Australian Land Information Authority, trading as Landgate, under the provisions of the *Land Information Authority Act 2006*. The *Land Information Authority Act 2006* requires Landgate to submit a SCI for the Minister for Lands' approval each year by a date determined by the Minister, in agreement with the Treasurer.

The SCI outlines Landgate's initiatives for the first year of the Strategic Development Plan.
